UP YOURS

HOUSTON

Sta

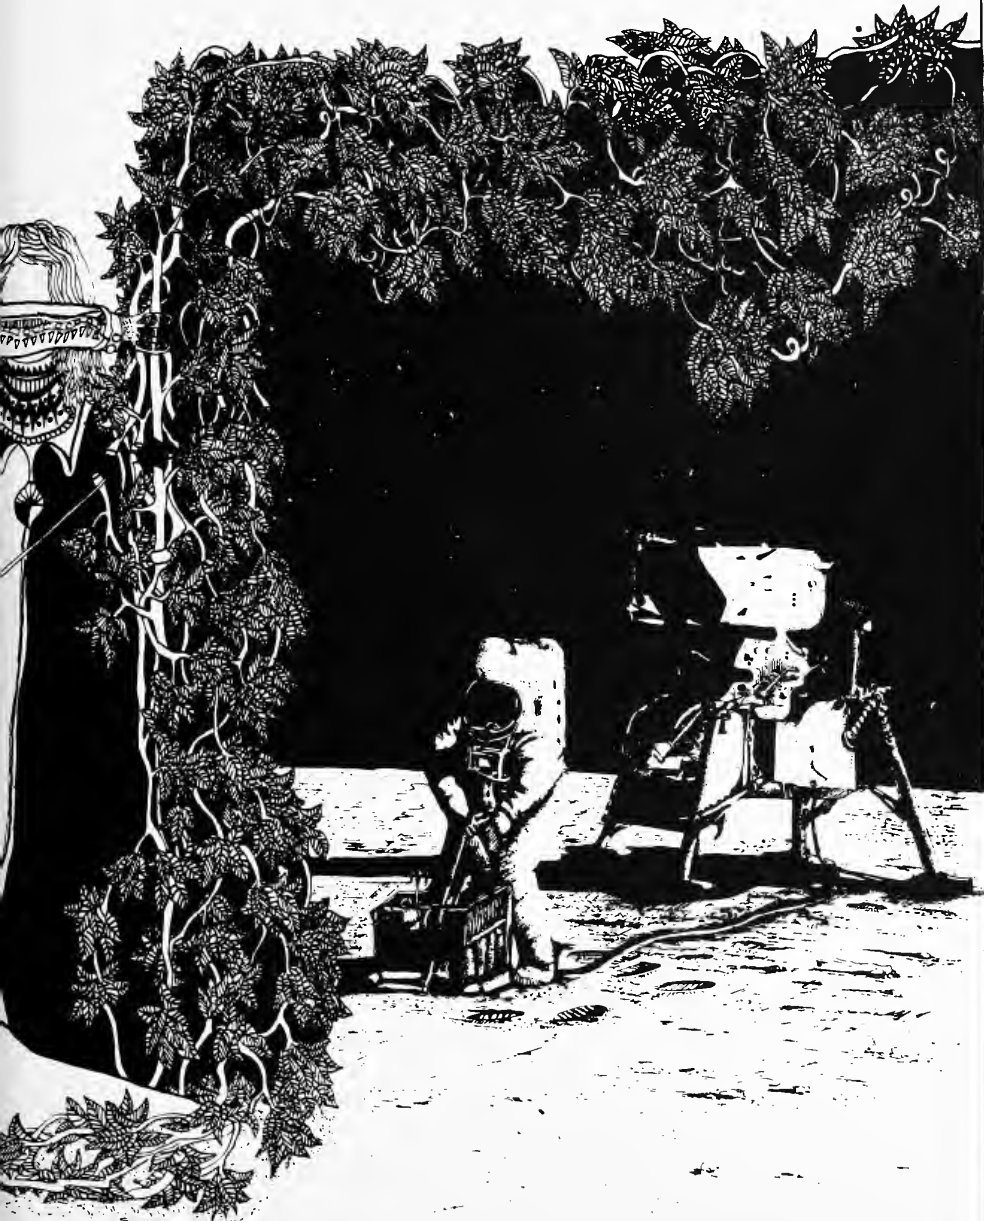

WHEN ALL THE PEOPLE ARE MADE OUT OF WOOD, TH

ALL BUILD THEIR HOUSES OF BONE...

Returning students savor sun,
devour beer, barbecue

The aroma of beer and barbecued chicken signal the arrival of a new semester. Students take advantage of the carnival atmosphere to break out the frisbees, crock o' keg, and stuff a face full of chicken. The Student Association provided the funds for the free fair.

ABOVE: Mickey Leland urges crowd to confront Gov. Smith and demand the release of Lee Otis Johnson, a black activist sentenced to 30 years in prison for possession of one marijuana cigarette. Gov. Smith intended to speak at UH as a part of his re-election campaign.

Smith visit draws fire from angry students;
controversy centers around Lee Otis Johnson case

GOVERNOR OF TEXAS
WILL SPEAK AT THE
UNIVERSITY OF HOUSTON
PLA 111 HOUSTON ROOM
TIME 1:30 P.M. WEDNESDAY
DATE OCT 11 1970
ALL STUDENTS WELCOME

**Preston
Smith**

Working for Texas.

Smith heckled at "speech,"
leaves without saying a word . . .

Hoffman suspends Chapman
prior to court hearing; students,
faculty criticize President's move.

RIGHT: Two clenched fists reflect feelings of anti-Smith students. FAR RIGHT: Randy Chapman holds the broom with which he allegedly chased Preston Smith. Chapman denied the allegation. ABOVE, EXTREME RIGHT: Larry Fultz, head of Traffic and Security, views the non-speech. ABOVE, THIRD FROM RIGHT: Smith is helped on stage under the watchful supervision of Chapman. ABOVE, SECOND FROM RIGHT: Smith waits during introduction. Both speakers who introduced Smith were subject to approximately the same level of heckling as the governor. Both managed to finish their statements; Smith did not begin his. ABOVE RIGHT: After Smith left, furious arguments ensued between students as to whether the governor actually had been denied the right to speak.

Guest musicians
give campus
good sounds,
warm feelings.

RIGHT: Paul Mauriat of "Love is Blue" fame and his orchestra perform at Hofheinz Pavilion. Mauriat attempts to find a common ground between the divergent sounds of light classical music and hard rock. ABOVE RIGHT: Lightnin' Hopkins, legendary blues singer with such impressive admirers as Bob Dylan and John Lennon, gives UH students a sampling of authentic blues. Hopkins demonstrated the power of the blues; a power derived from the gut expression of feeling. FAR RIGHT: Throughout the year rock bands gave free concerts in the University Center. The spirit of these occasions, reflected in the ecstatic face of a drummer, usually overcome the poor acoustics.

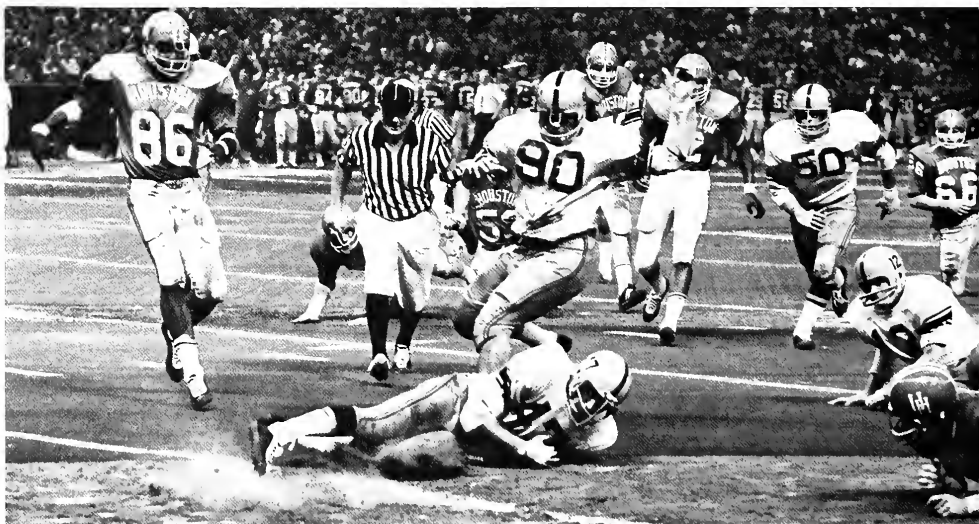

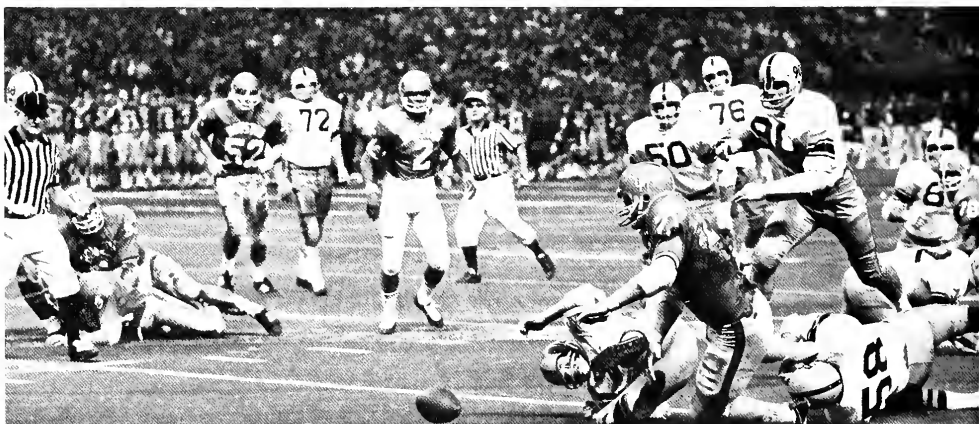

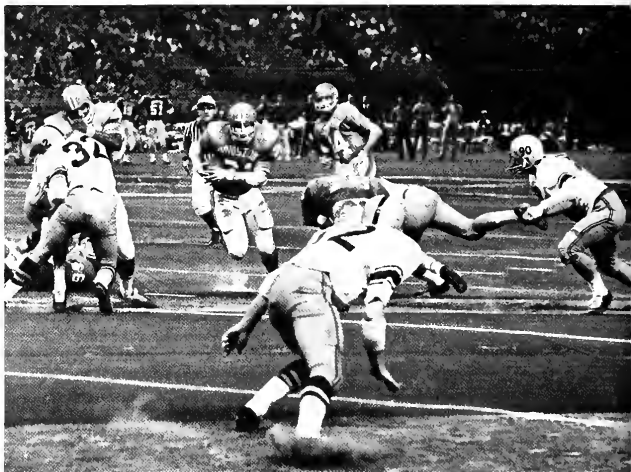

Computerized registration hits UH; administrators, students kiss off old method.

Fall 1970 saw the end of long lines, frustrating doubletalk, and the pushy crowds that provided unpleasant memories for veterans of the old registration process. The demise of the old institution in favor of a computerized system seemed to generate more relief than nostalgia among students and administrators.

RIGHT: The Cougar "mad dog" defense pulls down Syracuse tailback Ron Trask after a short gain. In series from CENTER RIGHT TO BOTTOM, UH fullback Steve Smith bursts through a gap in the Syracuse defensive wall, then fumbles. Alert Orangeman Gary Bletsch (47) recovers ball. FAR RIGHT: Defensive Left End Kent Branstetter upends a Syracuse back. LOWER RIGHT: Tight End Earl Thomas (88) puts a move on Syracuse defender after snagging a pass from QB Terry Peel. UH All-American Elmo Wright caught two TD passes while little Robert Ford dashed 99 yards with another.

Coogs smash Syracuse 35-7 with long passes, tough defense in 1970 grid season opener.

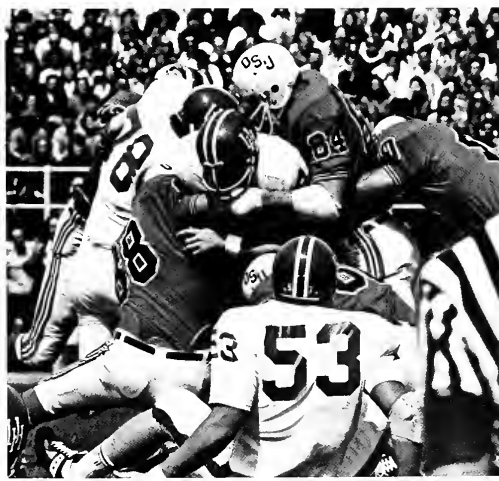

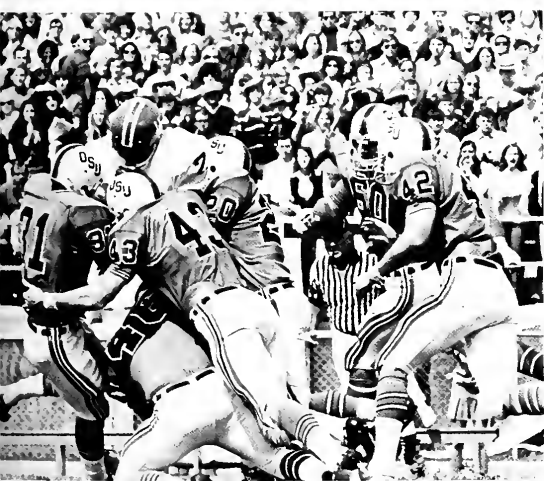

UH stumbles, fumbles as Cowboys derail heavily-favored Coogs 26-17.

ABOVE RIGHT: Ronnie Peacock leaps futilely at OSU end as Cowboy gallops for long gain. ABOVE MIDDLE RIGHT: OSU punt-returner eludes UH duo and scampers upfield. ABOVE FAR RIGHT: UH bench reflects concern and dejection as Cowboys upset Cougars for third straight year. BELOW RIGHT: Okie end snares another pass during a long afternoon for Houston. BELOW MIDDLE RIGHT: OSU's blanket coverage of Elmo Wright is painfully apparent as four Cowboys lasso the All-American receiver. BELOW FAR RIGHT: Fullback Tommy Mozisek comes closer to strangulation than yardage as a tough defense ensnares him.

UH runners bulldoze Bulldogs for four TDs, easy win
Heiskell scores 18
as Cougars romp

FAR LEFT: UH fullback Ted Heiskell follows halfback Tommy Mozisek's block into the teeth of the Mississippi State defensive line. LEFT: Right tackle Dale Dickey catches a Bulldog runner flatfooted. LOWER LEFT: UH QB Gary Mullins activates the feared "Houston Veer-T" as he prepares a

handoff. BOTTOM: Right corner back Ronny Peacock drags down a Mississippi State receiver after a pass completion. The Cougars powered to a 31-14 win as fullback Heiskell scored three TDs on short runs and halfback Mozisek streaked post Bulldog defenders for 39 yards and a fourth score.

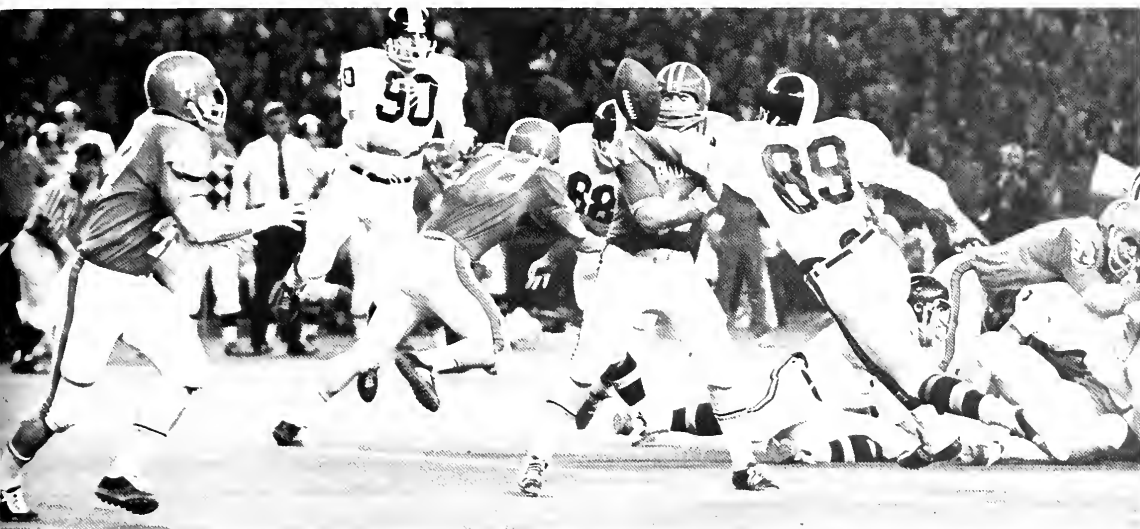

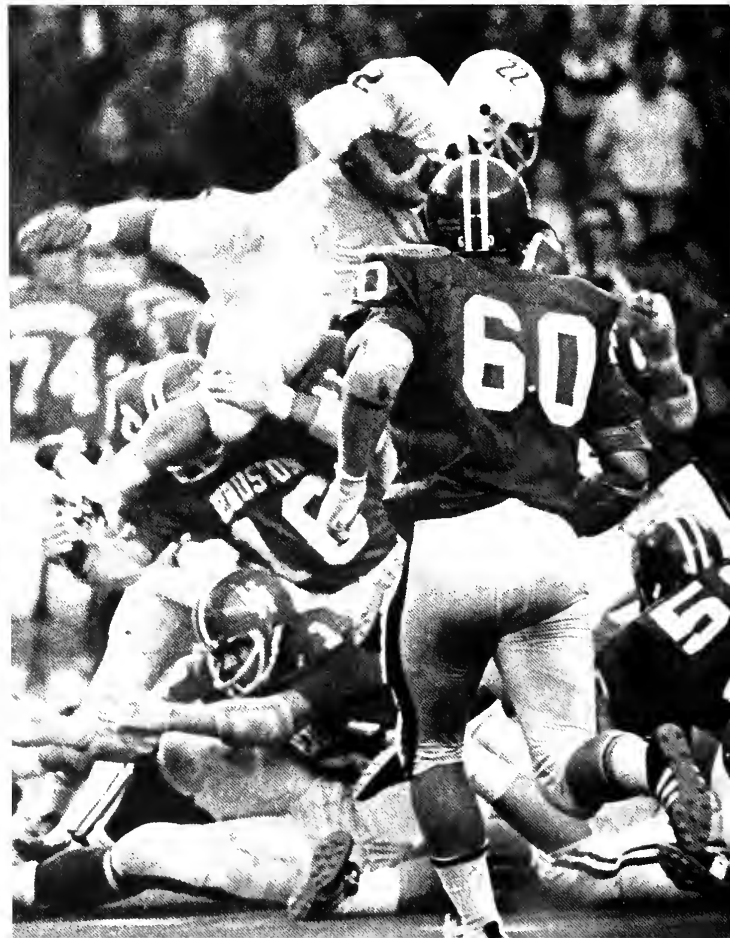

RIGHT: Quarterback Terry Peel and Flanker Robert Ford, tense and tired from a grueling Oregon State game, watch action from sidelines. The explosive pair teamed for a sensational 99-yard pass-run TD against Syracuse in the season premier. ABOVE, FAR RIGHT: A big Oregon State Beaver gets to the moon, Mullins that is, as Cougar quarterback barely manages to lateral. BELOW, FAR RIGHT: Hauston "Mad Dog" defense, led by Ray Mullins and Mike Balin, lives up to its name as opposing runner is hounded and brought down.

Last minute Peel to Wright TD aerial
rips a tenacious Oregon State squad 19-16.

RIGHT: Fullback Lee Otis Brungard exemplifies 'Bama power running as he bursts past UH defensive line. FAR RIGHT: Elmo Wright, playing a spectacular first half, grabs pass over defender's outstretched hands. MIDDLE RIGHT: Earl Thomas, leaping in front of defensive safety, snores a Mullins pass. BELOW: UH power runner Ted Heiskell literally runs over Tide linebacker. BELOW RIGHT: John Musso, the Alabama tailback who ran for 156 yards, drives high over scrimmage for first down. BELOW, EXTREME RIGHT: Musso exhibits beautiful combination of strength and balance as he breaks Charlie Hall's tackle and starts upfield for long gain.

Tide rolls out of Houston
with 30-21 victory

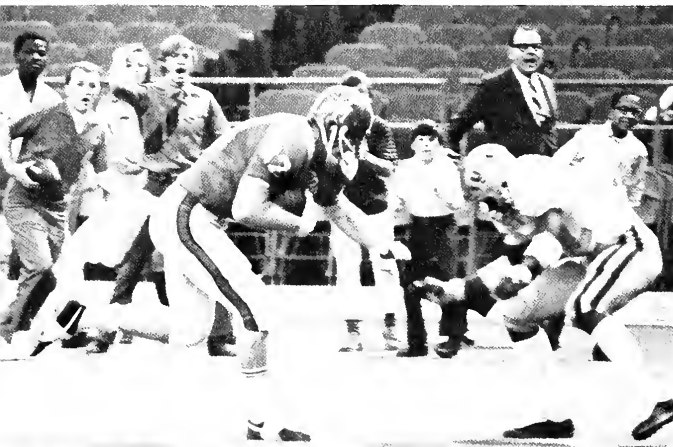

KUHF survives year
through effort, sacrifice
by staffers, volunteers.

ABOVE: Station Manager and Communications Instructor Arvil Cachran, right, and student broadcasters Mike Taylor and Steve Zager (center) cover UH baseball contest. LEFT: Program director Roland Richter tracks facts for news broadcast. FAR LOWER LEFT: A program is in progress in the cramped radio quarters within the temporary buildings housing Communications for the past decade. FAR UPPER LEFT: Concerned staff checks equipment.

Flat Cougars come from behind
to clip weak Tulsa team 21-9

BELOW SERIES AT LEFT: Full-back Ted Heiskell clears scrimmage, bulls past Tulsa cornerback for TD. FAR BELOW, LEFT: Tom Mozisek thrusts into hole made by potent UH offensive line. FAR BELOW: Eluding Hurricane tackler, Robert Newhouse looks for clear route upfield.

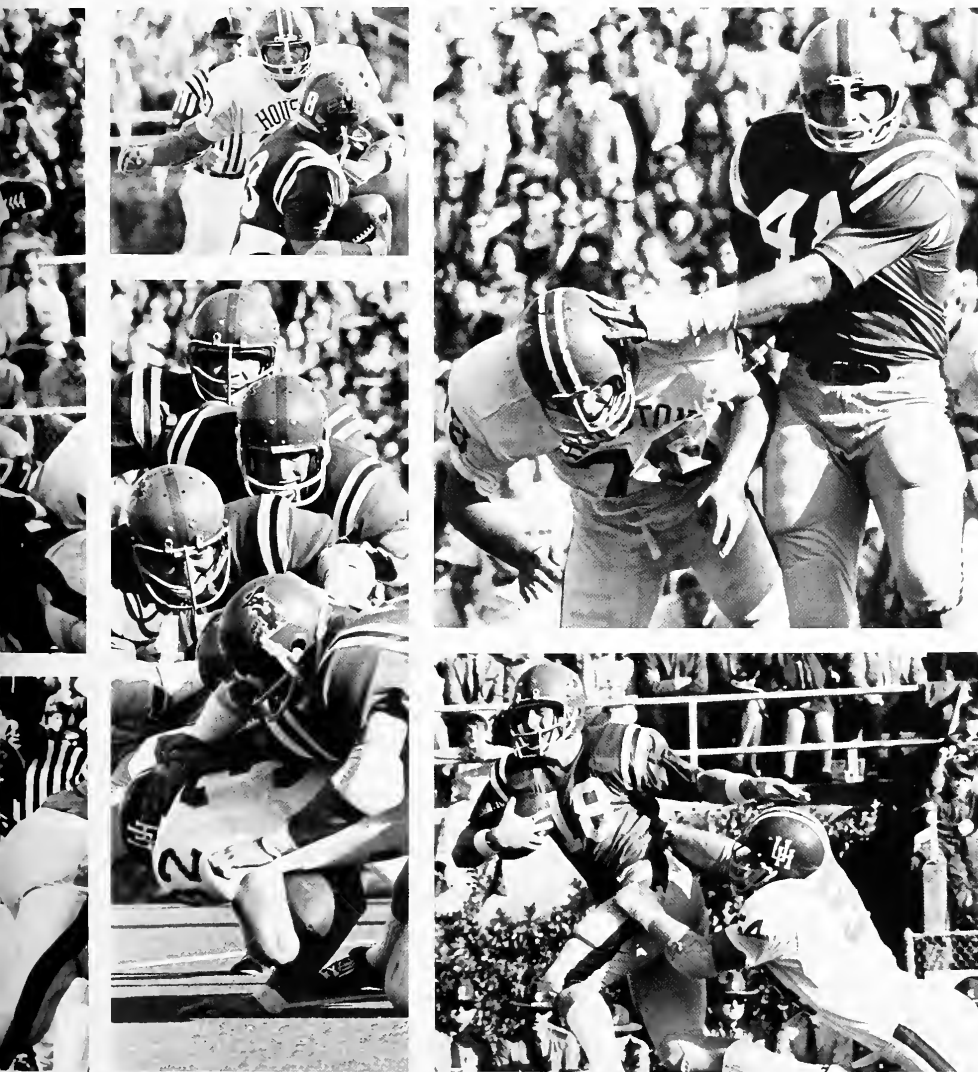

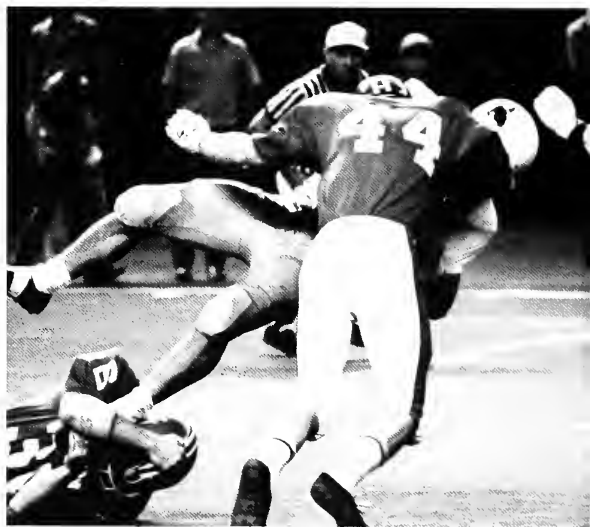

BELOW LEFT: Willie Roberts pulls down punt and starts up-field as off-target Rebel shoots by him. BELOW: Ted Heiskell is tripped up by powerful Ole Miss defensive line. BELOW RIGHT: An intent Mike Balin bears down on hapless Mississippi runner. BELOW FAR RIGHT: Symbolic of the result of the game, Mississippi linebacker pushes Cougar aside as Rebel seems to stroll off the field. FAR

BELOW: Speedy Ole Miss back breaks through Houston line for good gain. FAR BELOW, RIGHT: Lone white jersey, Ted Heiskell, is snowed under by a host of Mississippians. FAR BELOW, FAR RIGHT: All-American candidate, Archie Manning, eludes a diving Glen Lewis. Later the Rebel Quarterback was severely injured, sidelining him for the rest of the regular season.

Ole Miss mauls lifeless Cougars 24-13
in revenge victory; wins handily
despite injury to star quarterback.

Coogs crush Cowboys
28-0 as Newhouse
bulls for 150 yards.

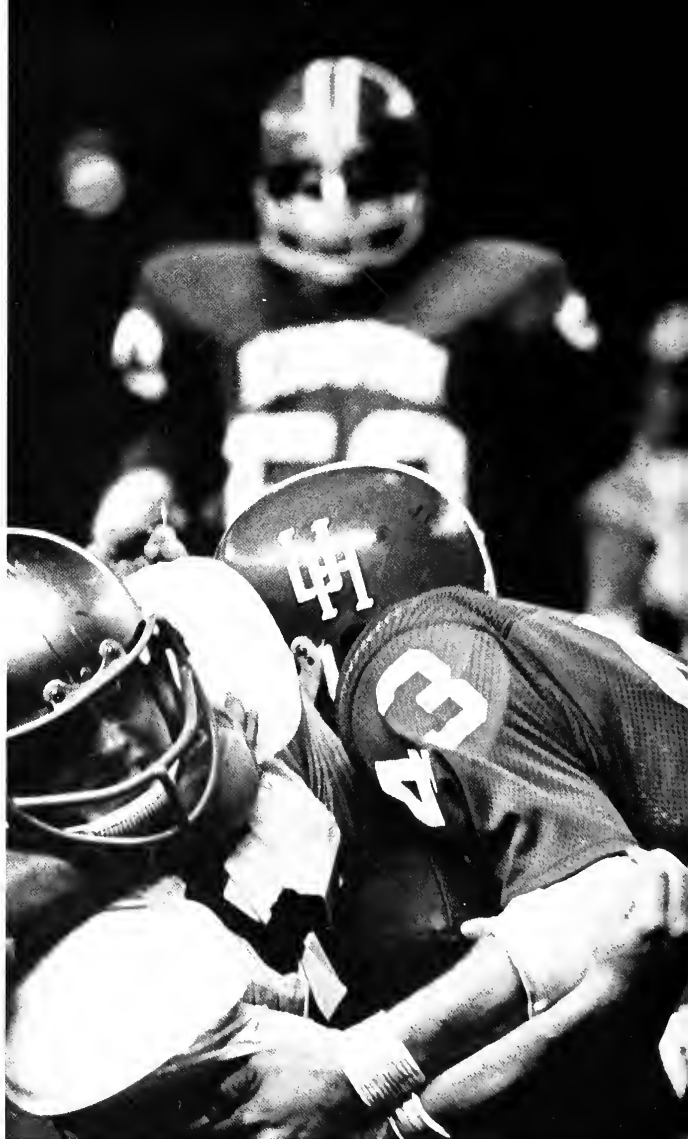

ABOVE LEFT: Robert Newhouse streaks downfield as he searches for blockers. ABOVE, FAR LEFT: Frank Ditta and Ronnie Peacock ride down a diving Wyoming back. LEFT: Scene looks more like a karate match than a football game as Mike Bolin and a Cowboy confront one another. LEFT MIDDLE: Bill Hamrick, with an assist from Bill Burchett, flattens Wyoming runner. FAR LEFT: Just what the object of the game is becomes clear when the object gets loose. The ball draws players like a magnet as a pigskin scramble ensues.

Folk spirit captures Coffeehouse crowds
as travelling minstrels strum through season.

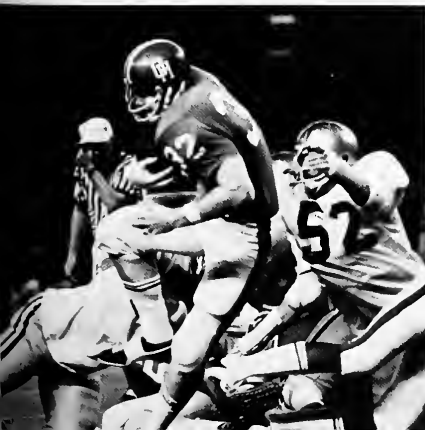

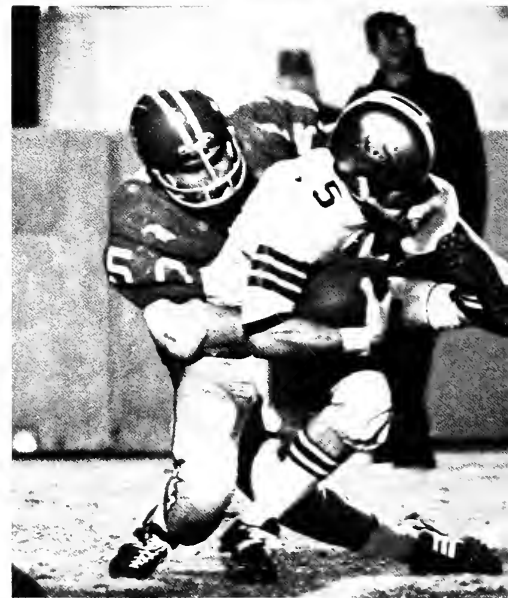

ABOVE RIGHT: Mike Bolin looks on in satisfaction as a distressed Deacon runner is caught in squeeze by two Cougars. RIGHT: Aroused UH defense swarms around Wake Forest back. FAR RIGHT ABOVE: Gary Mullins gets a face massage as he is stopped by linemen. FAR RIGHT MIDDLE: Dale Dickey makes saving tackle as opposing runner nearly breaks into clear. FAR RIGHT, BELOW: The role of grace in an often brutal sport is illustrated as fullback Heiskell skips over Wake Forest players while maintaining a precarious balance.

Defense shines as UH
blasts Wake Forest 27-2.

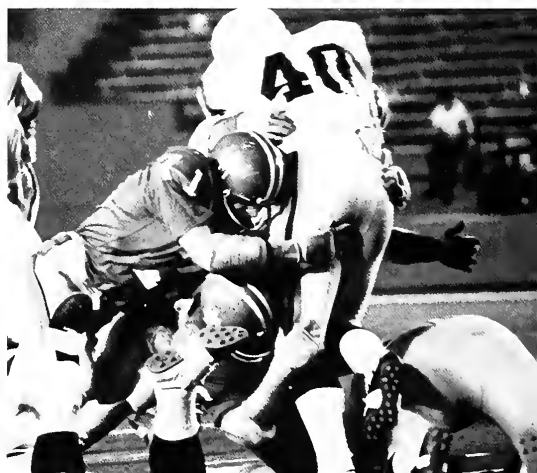

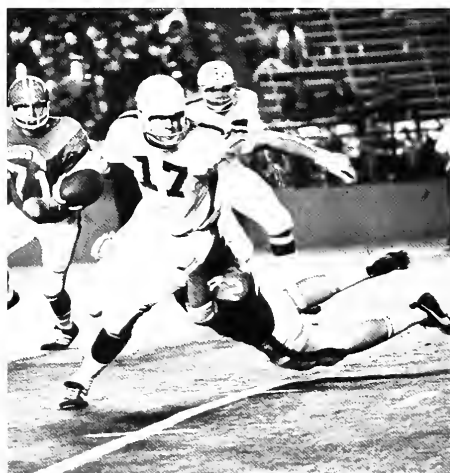

Cougars steal the show
as UH trounces Florida State 53-21
before national T.V. audience

FAR ABOVE, LEFT: Houston runner Steve Smith struggles to regain balance and lose a Seminole linebacker. FAR ABOVE: UH defense entraps fleet-footed Florida St. runner. ABOVE, FAR LEFT: A leaping Charlie Fard

diverts F.S.U. bomb. ABOVE LEFT: Mike Bolin drops Seminole for loss. ABOVE: Florida State cornerback makes saving tackle on a driving Robert Newhouse.

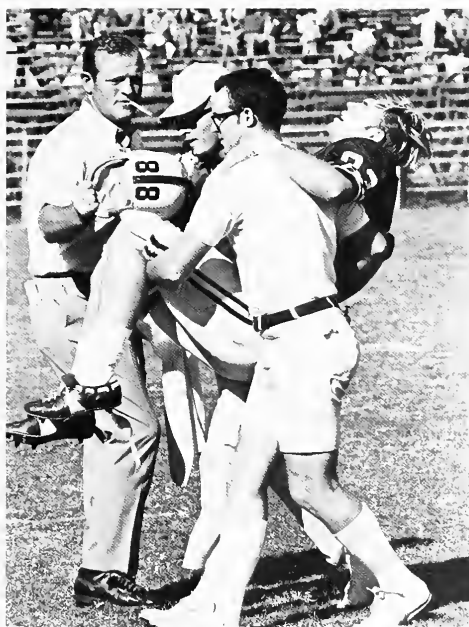

Cougars coast to 36-3 rout of Miami in successful season finale

UPPER LEFT: Cougar defense teams up to smother Miami back. FAR LEFT: Dale Dickey dive-tackles opposing quarterback attempting to turn upfield. LEFT: Teamwork prevails again as tough UH defensive line halts Miami thrust for no gain. ABOVE: Robert Newhouse finds running room and cuts across field while eyeing pursuing line-backers.

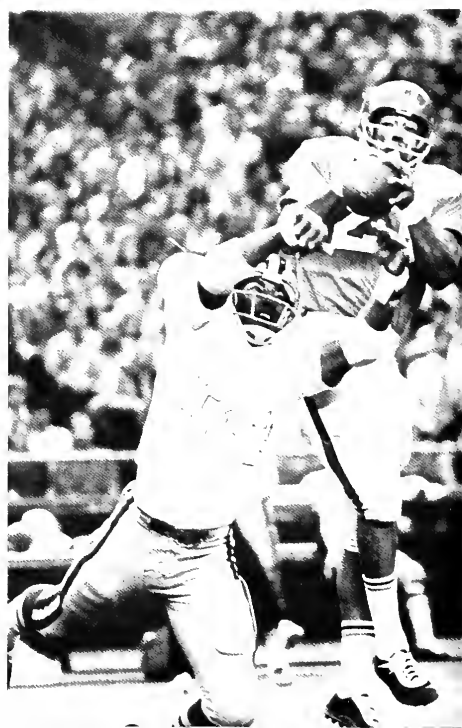

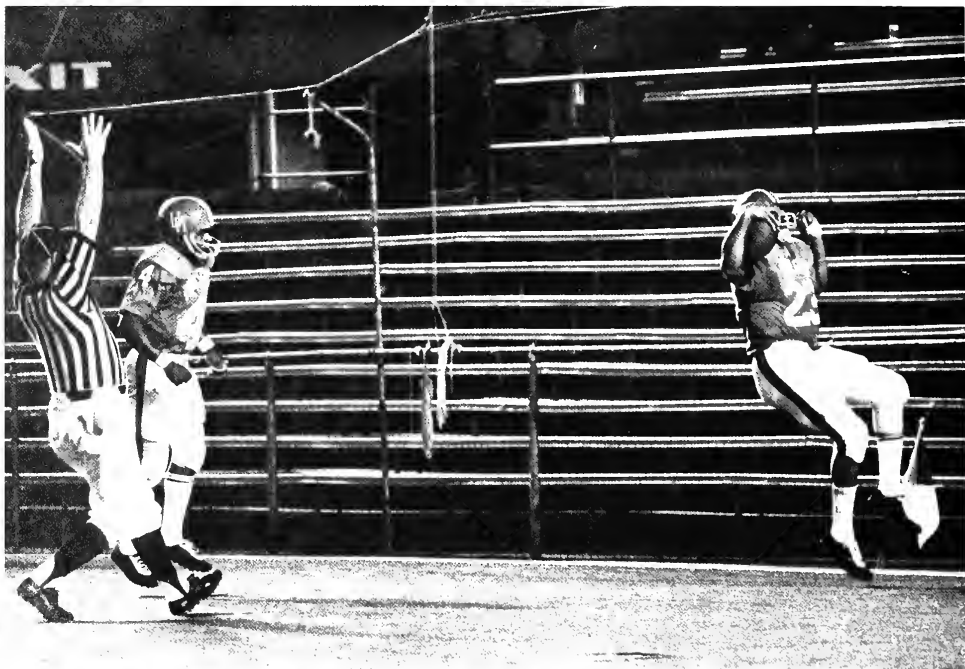

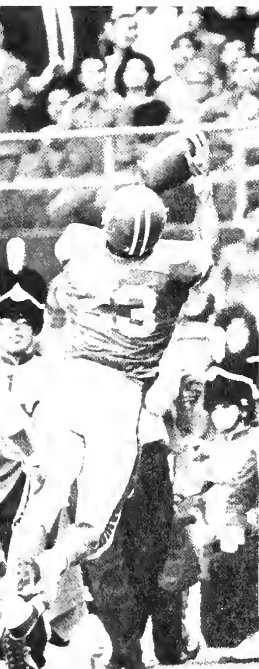

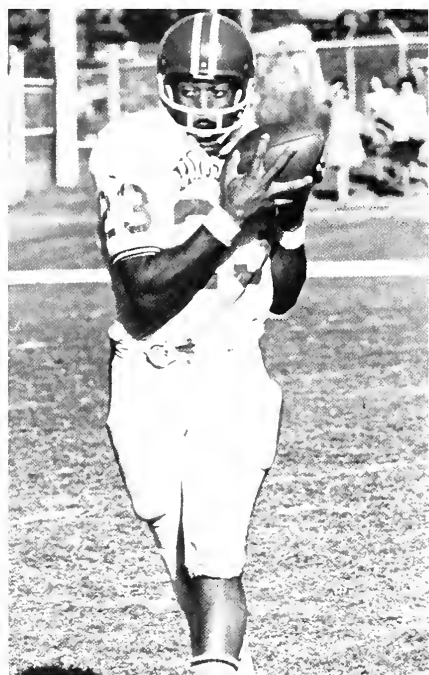

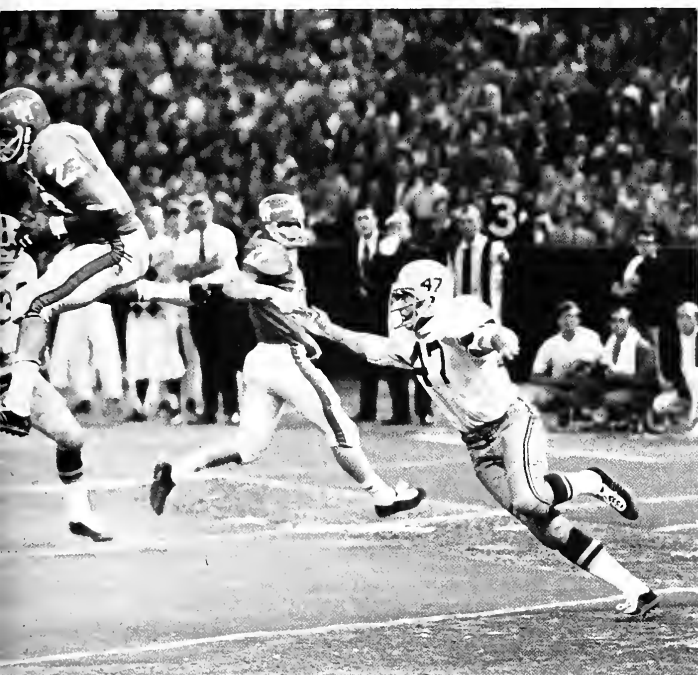

Pain is only a tackle away
for Gridders during long season;
agony more than matches ecstasy
as injured are carried from field.

Elmo Wright, Cougar split-end, compiled between 1968-70 one of the greatest college athletic records in Houston's history. Breaking the NCAA mark for the most TDs caught by a receiver in a career, Wright was UH's biggest threat throughout the season. The All-American

was impossible to stop despite constant double and even triple coverage. Wright's feats are all the more remarkable when it is kept in mind that the Cougar teams of his period were oriented to a running, not passing offense.

Wright breaks NCAA pass-reception mark
as star leads Cougars to 8-3 record.

Enthusiasm engulfs Homecoming;
weekend marred by loss to Alabama.

BELOW FAR LEFT: Alpha Phi Omega builds traditional Homecoming bonfire. BOTTOM: UH football fans, in a blazing parade, approach pyre. ABOVE, MIDDLE LEFT: Fire provides startling contrast to silhouettes of Cougar supporters. FAR ABOVE: Disintegrating bonfire seems a grim foreshadowing of

Houston's fate in Alabama contest. BELOW LEFT: Fiery torch dispels the darkness of night and ignites bonfire. BELOW: Onlookers view remnants of the collapsing structure. BELOW RIGHT: The gentle beauty of Jo Beth Roberts, Homecoming Queen, adorns the normally masculine gridiron.

Energetic Cougar soccer squad
wins Winter Amateur Association League;
finishes fourth in Texas Collegiate League

Dwights collide as Coogs subdue feisty frosh, 91-82.

Varsity big man Dwight Davis had his hands full when the Cougars played their frosh counterparts in a pre-season exhibition. Davis faced 6-10 frosh Dwight Jones, the spectacular center who led Houston Wheatley to three straight high school crowns. Jones dropped in 24 points but Davis' nine blocked shots provided the varsity with needed inside strength. RIGHT: Davis (42) and Jones fight for a rebound. ABOVE: Larry Brown rips off a steal for the varsity. Guard Paa Welch scored 31 points and directed the Cougar offense while Kitten Donnell Hayes awed fans with crisp passing and deadly shooting.

Cougars win Bonnet;
trounce Tulane 91-60,
beat ranked Oregon 81-68.

UPPER RIGHT: Forward Steve Newsome launches a jump shot over Oregon center. LOWER RIGHT: Guard Poo Welch looks for an open man as Tulane player closes in. MIDDLE UPPER RIGHT: Coach Guy Lewis reacts to some ragged play by the Coogs. MIDDLE LOWER RIGHT: UH forward Jeff Hickman and Oregon guard do a duet as ball soils out of bounds. FAR RIGHT: Oregon player waits for Dwight Davis to come back to earth before attempting shot. The UH squad blew by Tulane and Oregon to continue dominance of the Bluebonnet classic.

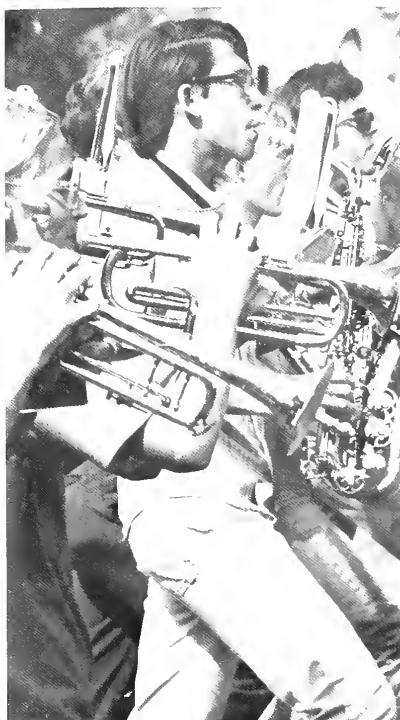

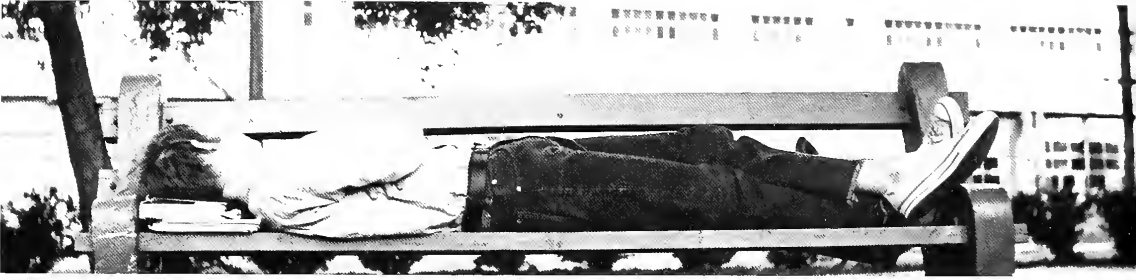

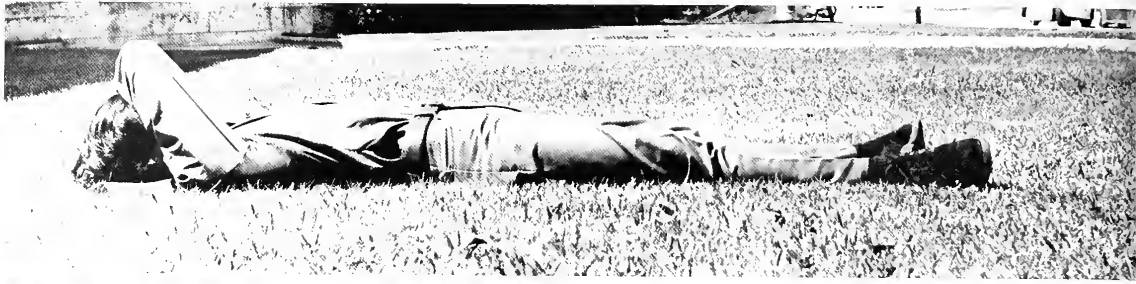

UH Band adds color, excitement to Cougar gridiron contests; performs on national T.V. in Florida.

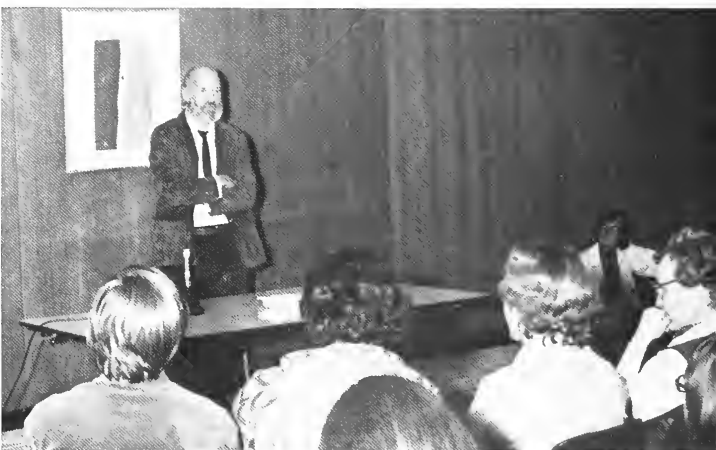

The idyllic outdoors attracts UH students as they savour some of life's more basic pleasures: sleeping, eating, flying a kite, and laying with a friend in the grass. Every scene has its friendly freak and we find ours perched on a fire hydrant.

Outdoors attract students in droves;
studies take back seat to nature

RIGHT: George Bush, unsuccessful Senate candidate and present U.S. representative to the United Nations, explains his position on various issues and how it would affect students. Bush was a winner at UH at least, as he easily outdistanced his opponent, Lloyd Bentsen, in a poll here. FAR RIGHT: Joe McGinnis, author of "The Selling of the President — 1968," talks about election campaigns and what it takes to win them. McGinnis feels that the most salable man, not the most competent one, gets selected by the major parties to run for election. BELOW RIGHT: One of the most accomplished and popular American poets, Lawrence Ferlinghetti, discusses the implications of his poetry. The introspective writer emphasized his internal conflict between "a political, ugly self" and "a self striving for beauty." The ceaseless struggle between these two forces, Ferlinghetti felt, caused inconsistency of vision throughout his work. FAR BELOW, RIGHT: The T.V. Sheriff of Dodge Commercial fame, Joe Higgins, speaks to UH journalism class. Higgins noted that his portrayal of a redneck cap ruffled few feathers, even in the South.

Fall speaker season active;
Ferlinghetti reads poetry,
Bush discusses platform,
as famous figures drop by UH

RIGHT: 200 pounds of finely-toned muscle poses for an unimpressed teammate. ABOVE, FAR RIGHT: "What do ya mean 'holding'?" MIDDLE RIGHT: "Please hurry chief." BELOW RIGHT: Top Cop Larry Fultz, goyly adorned in a scarlet jumpsuit and chic white turtleneck, awaits pass. Game was held to increase communication between students and the folks from Traffic and Security.

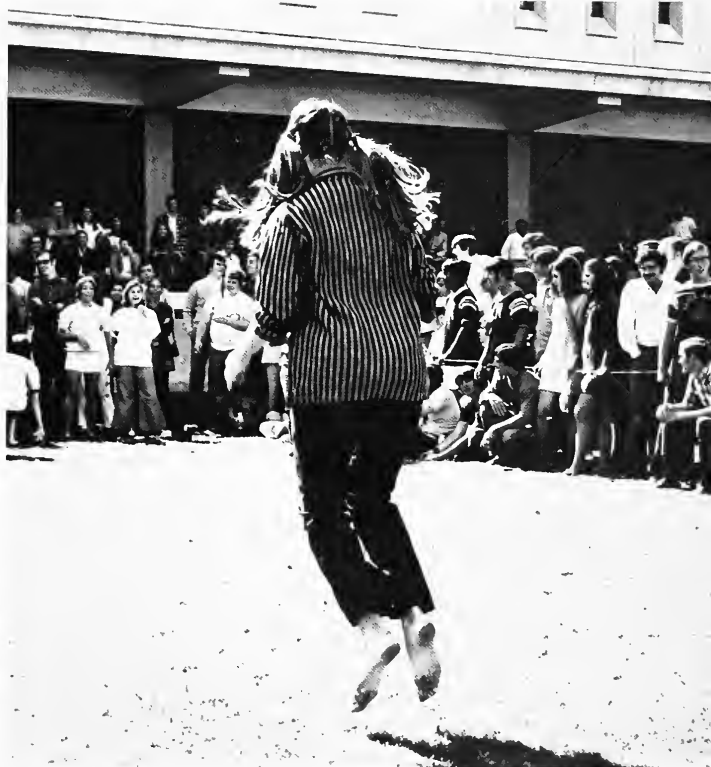

Campus Cops lose game,
win goodwill as students
power to 24-12 romp.

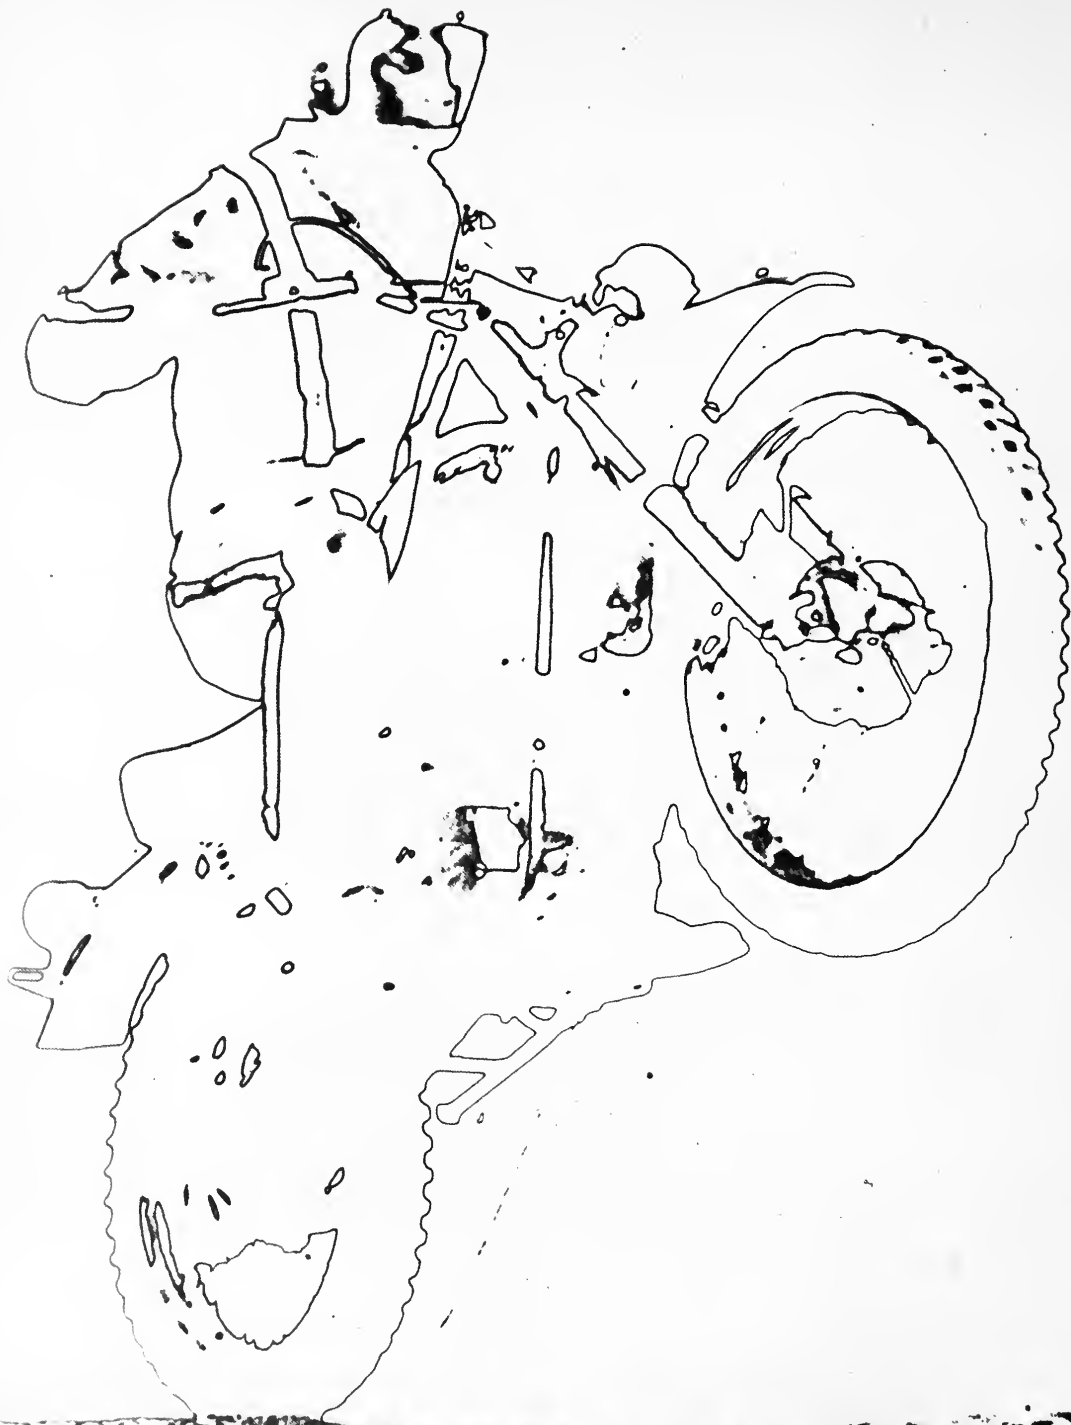

Chi Omega, Phi Sigma Kappa
win fourth annual Wacky Relays

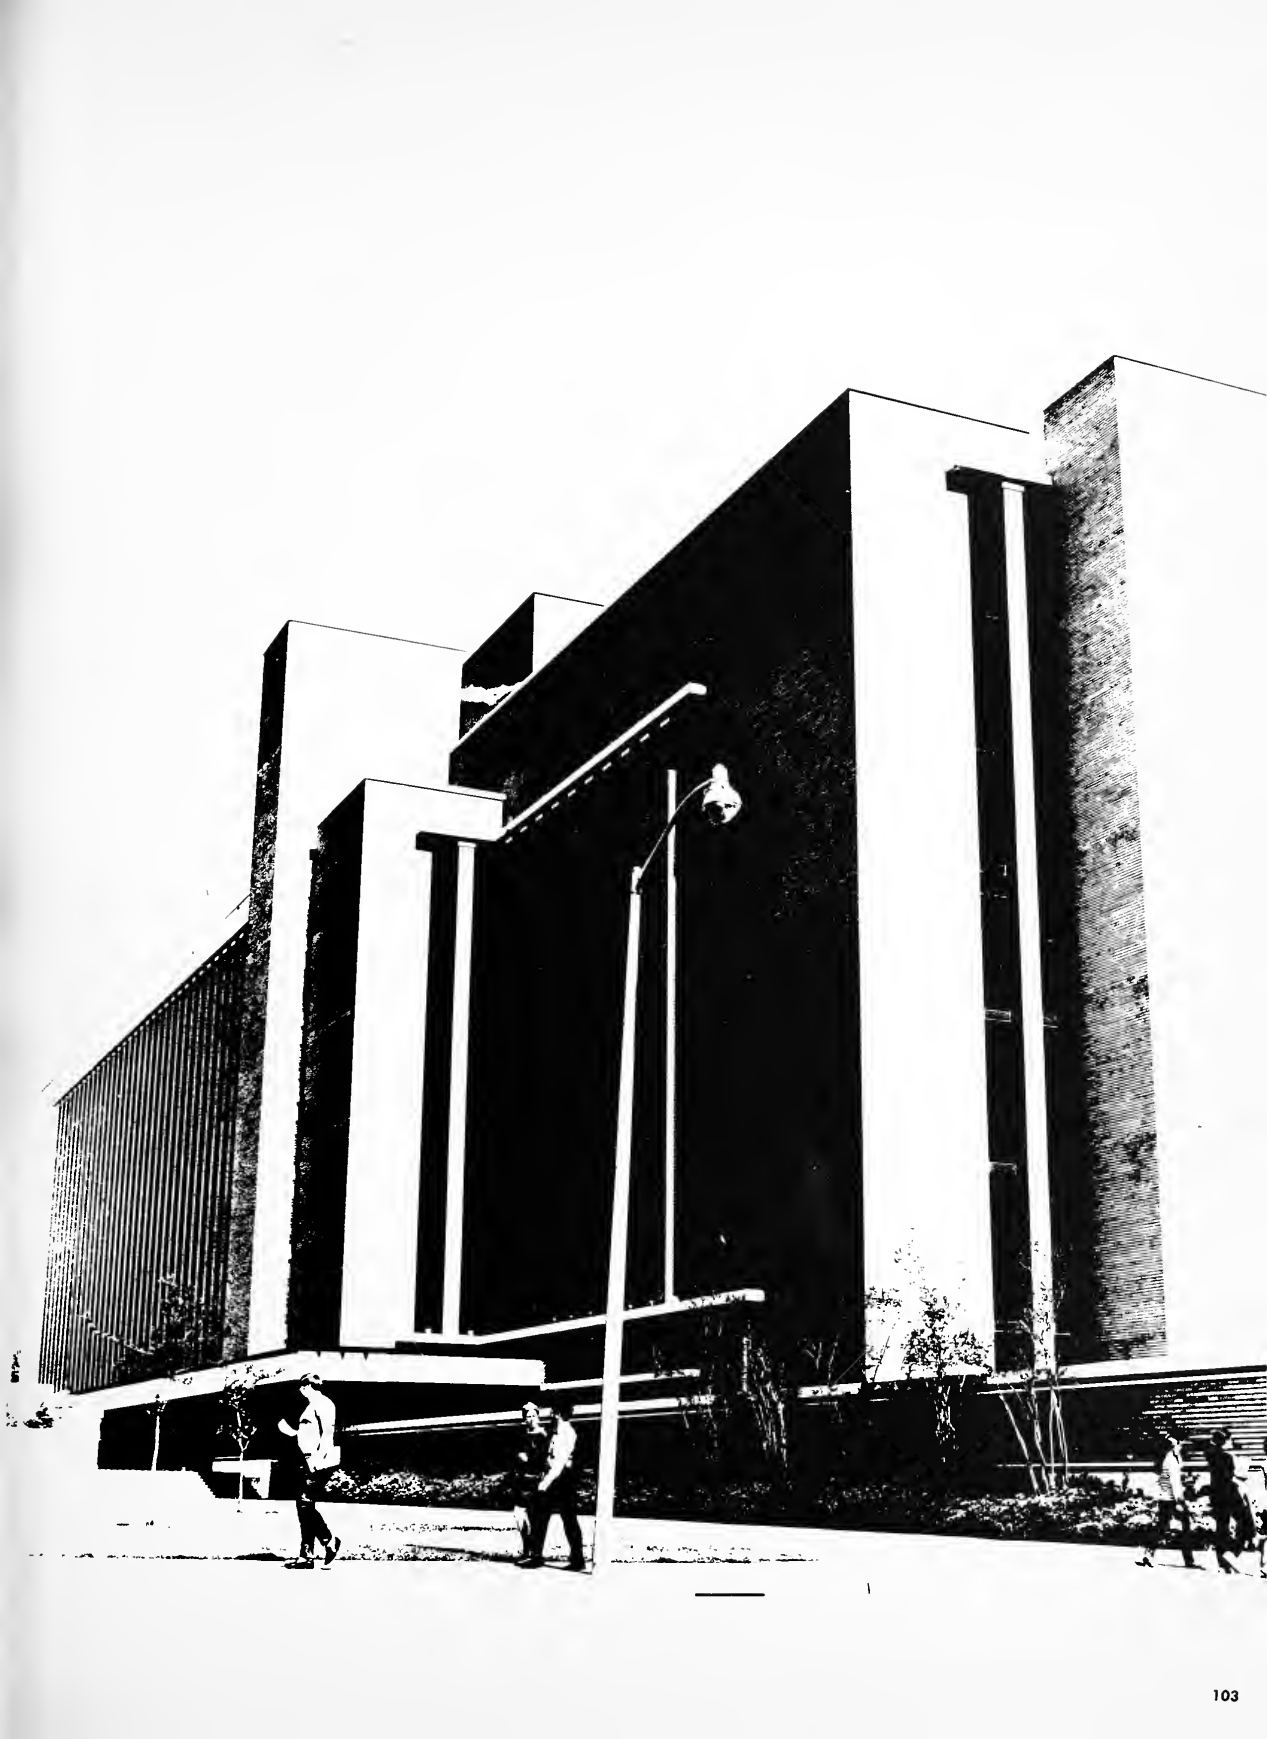

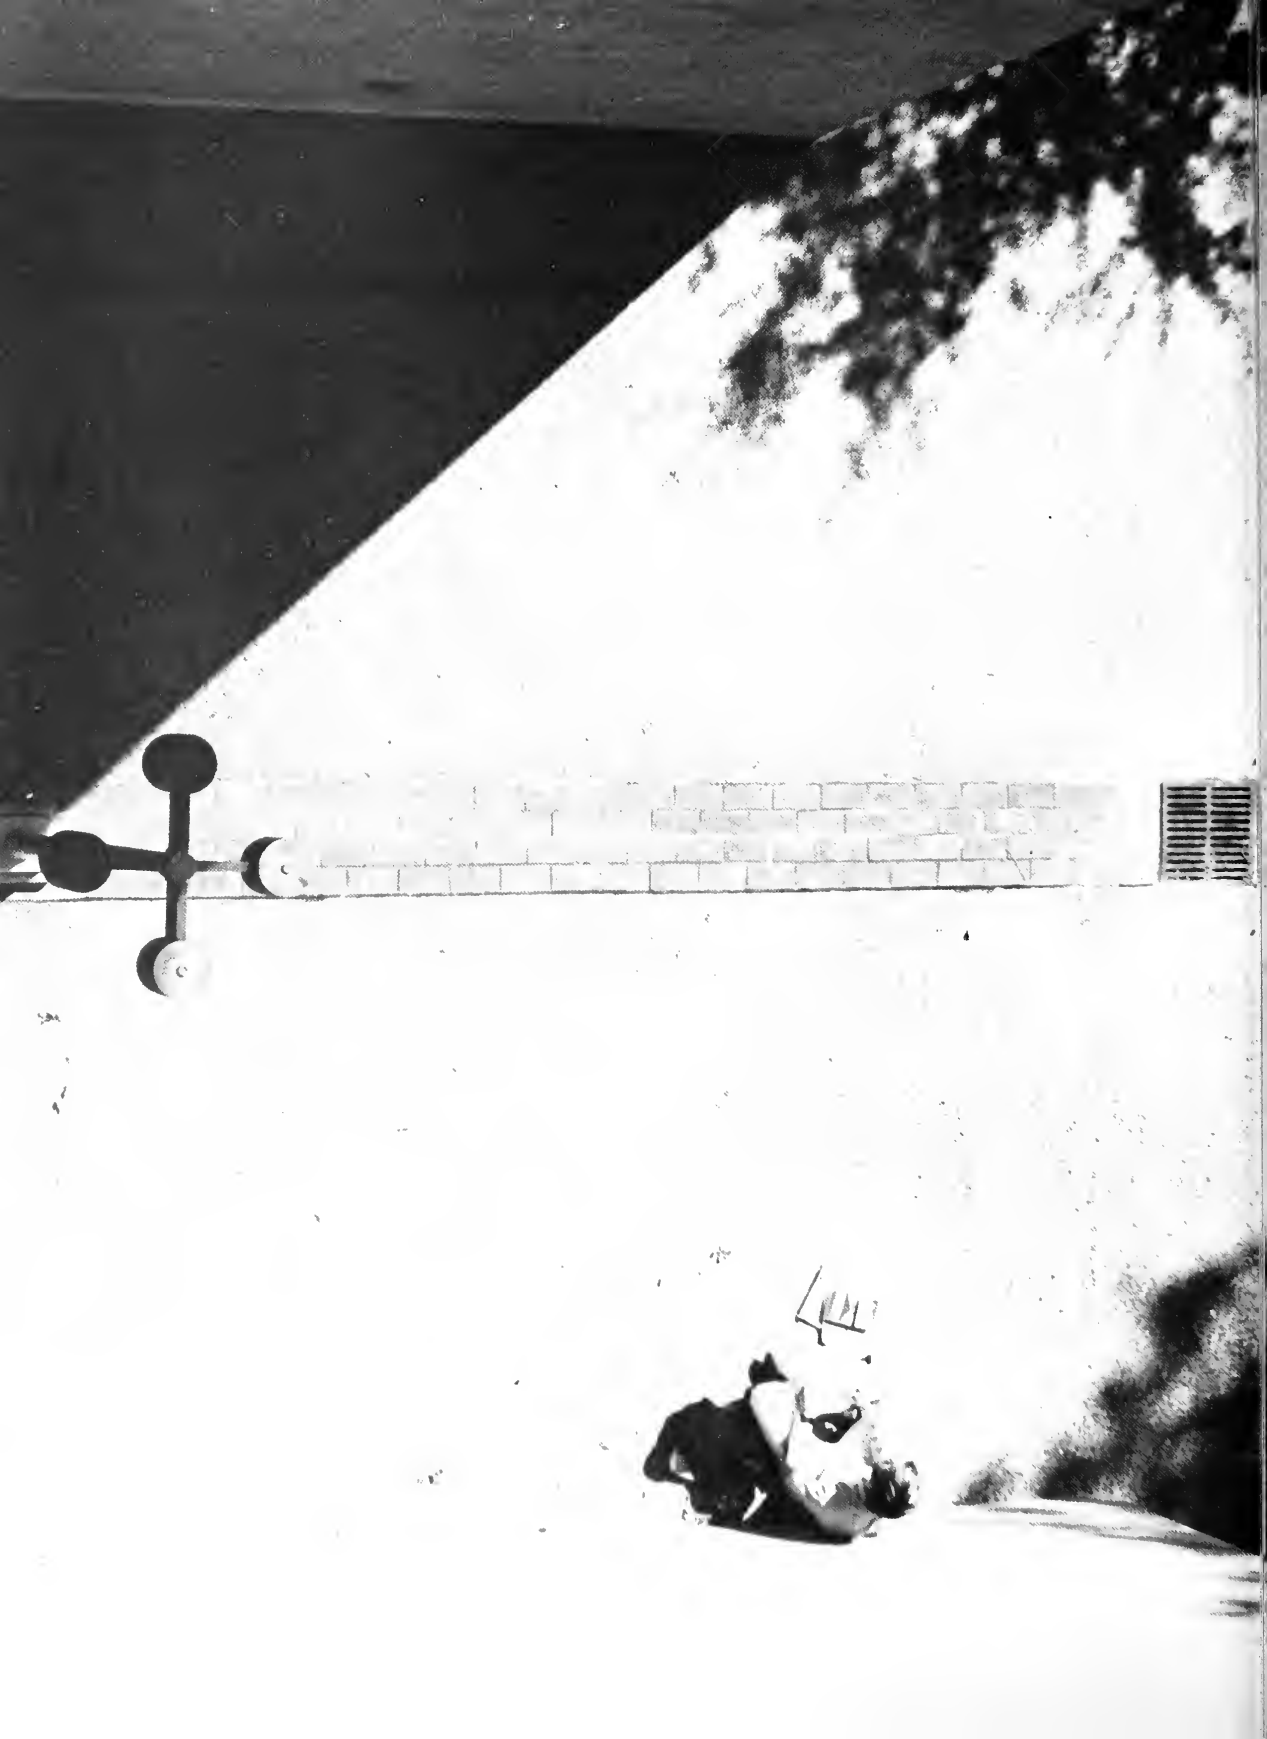

Constant construction
uplifts, tears down campus
as old makes way for new

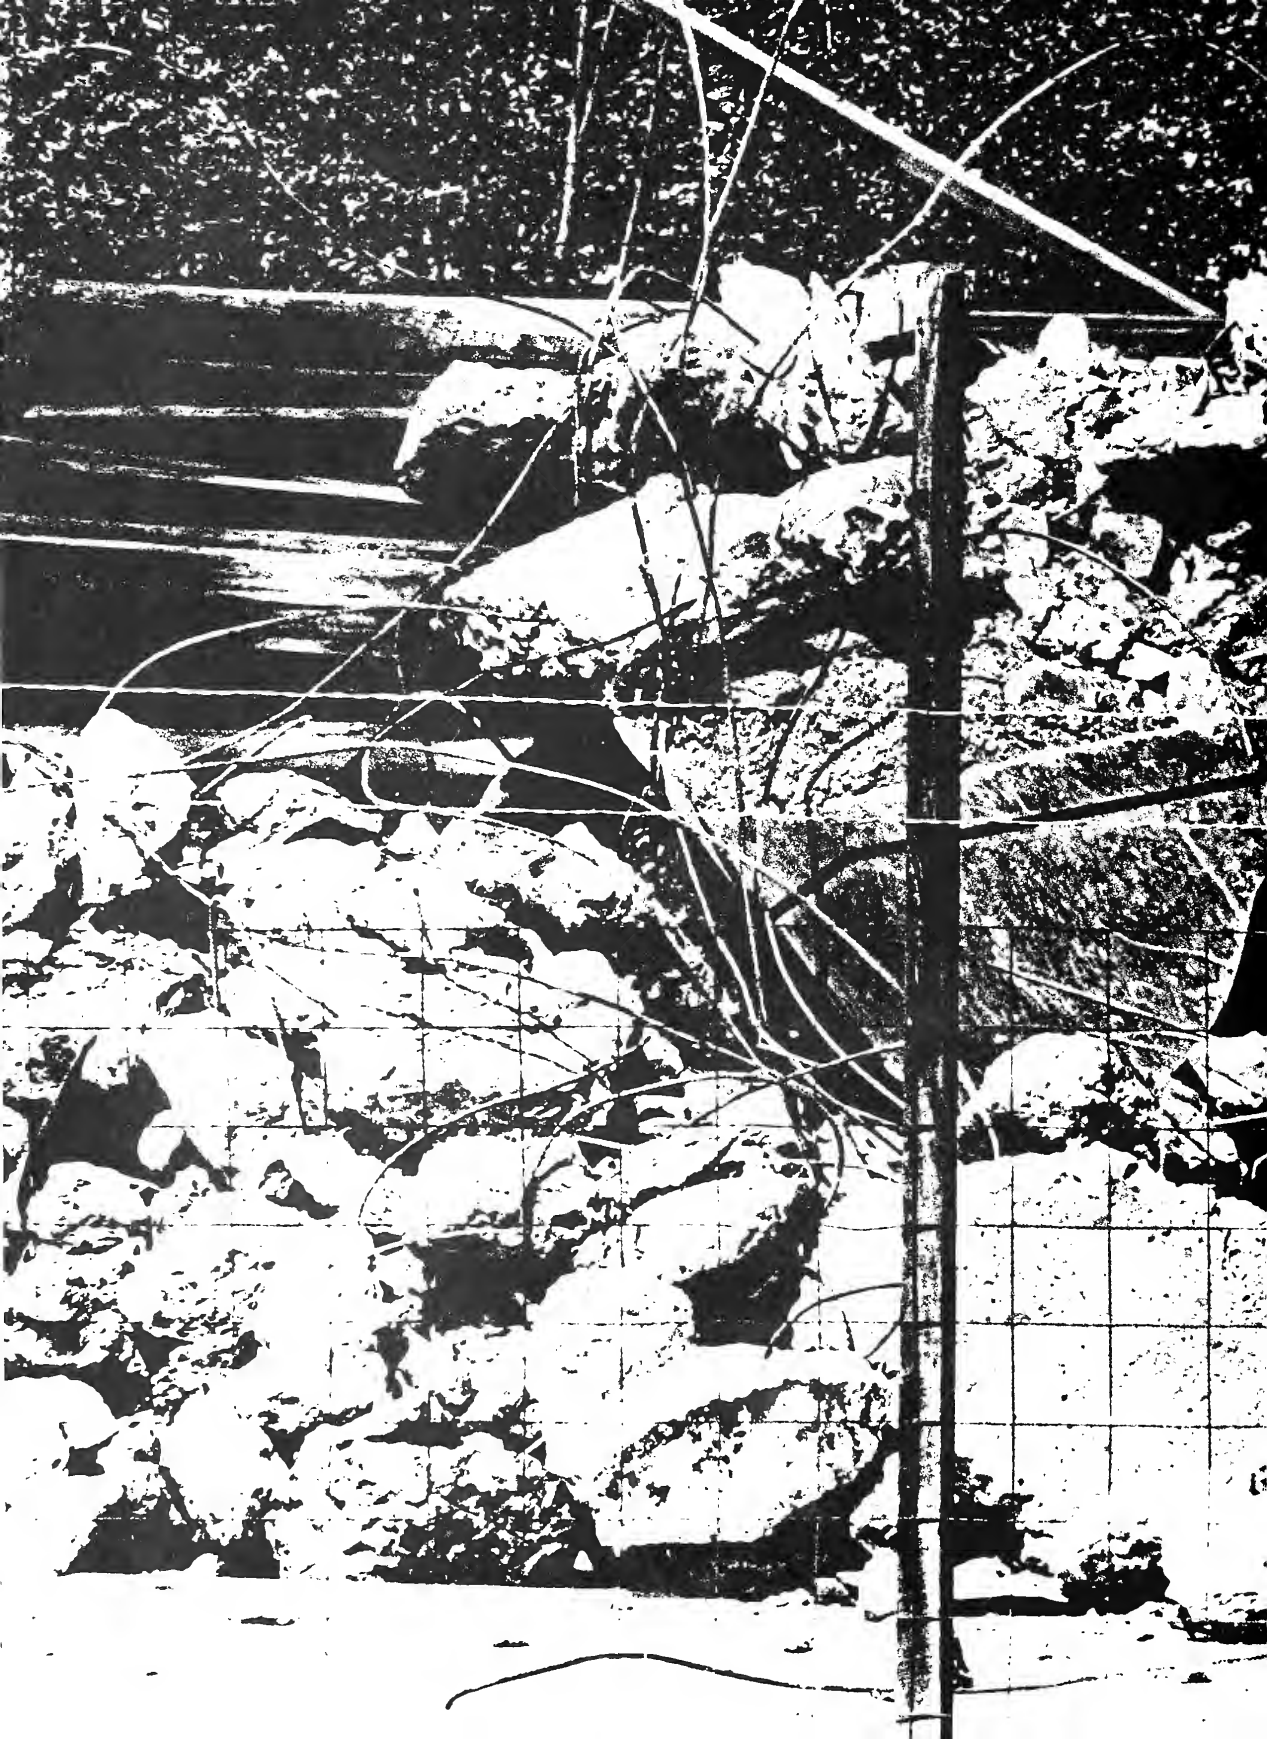

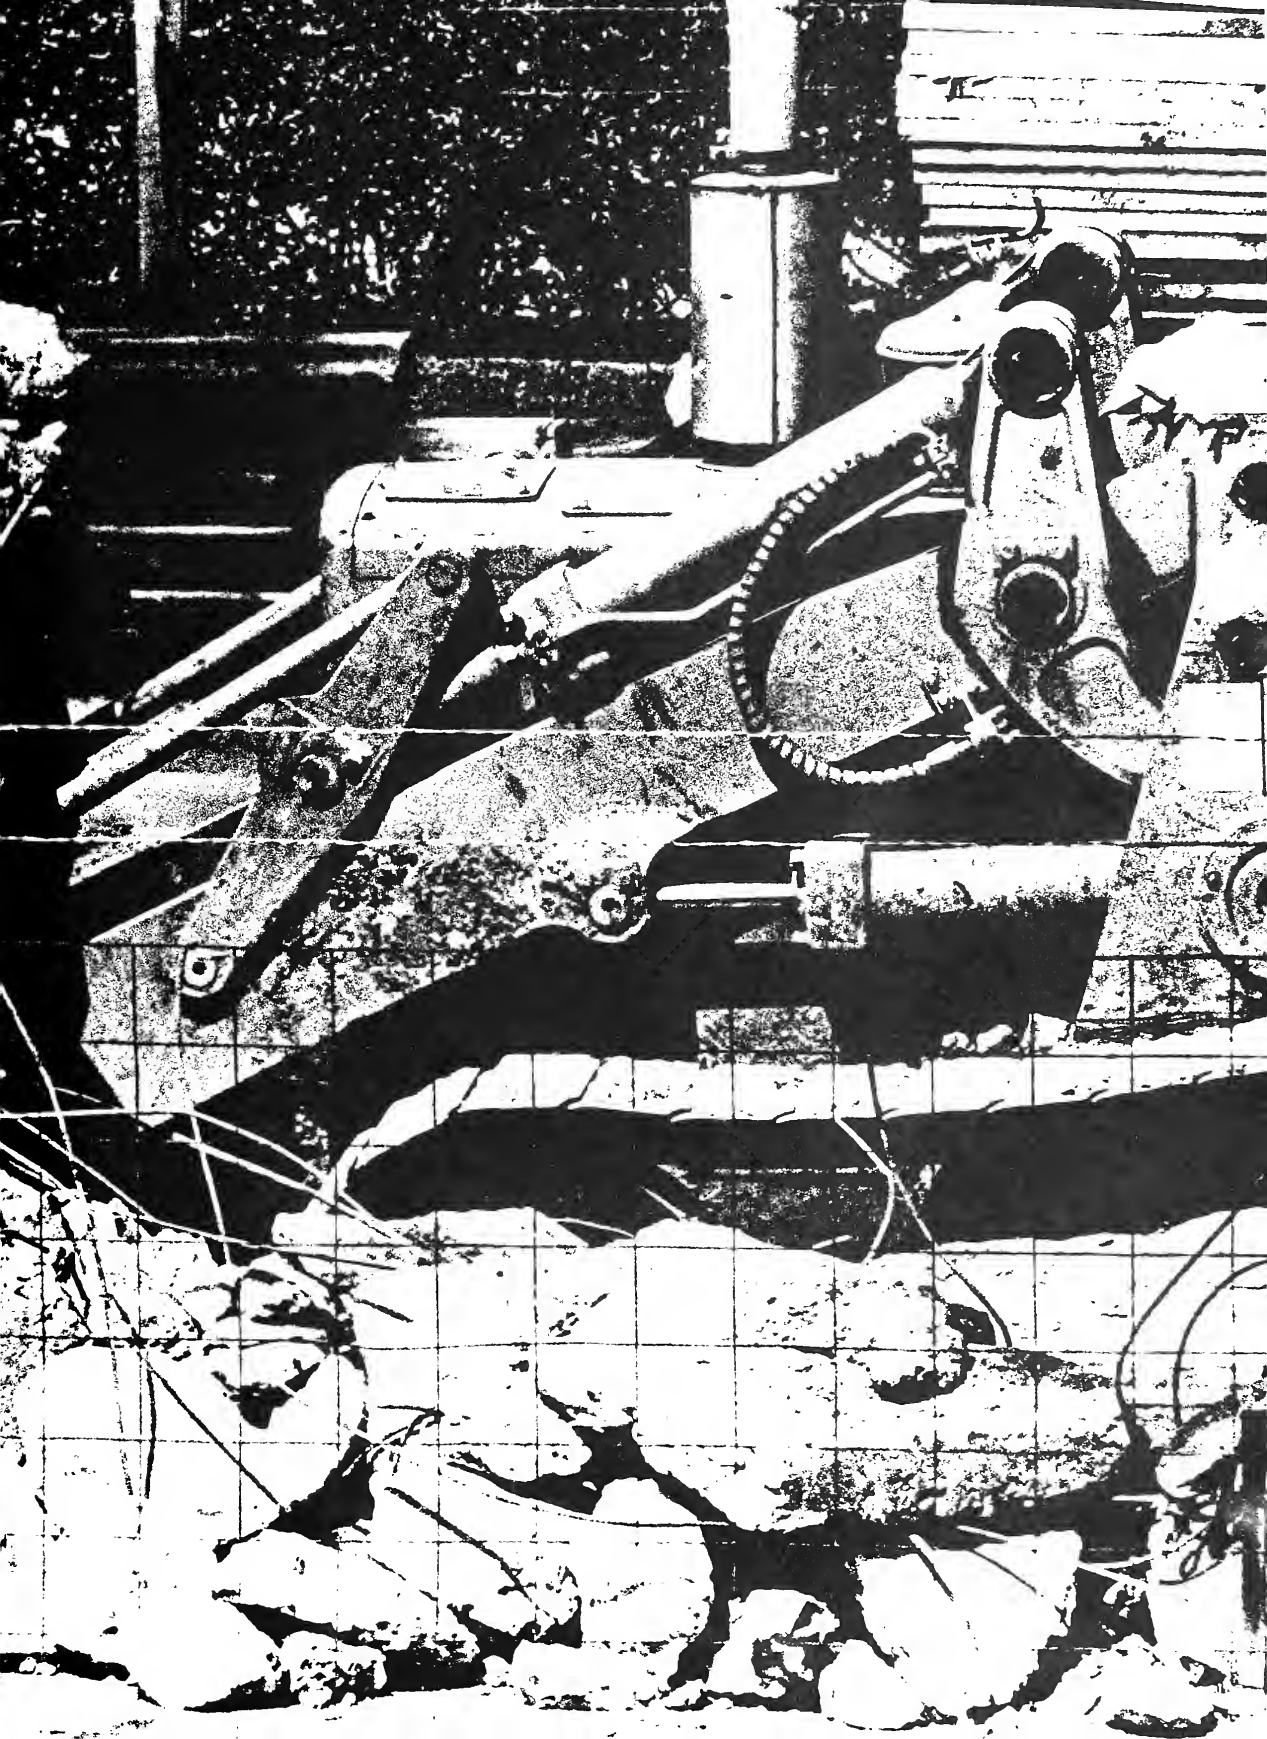

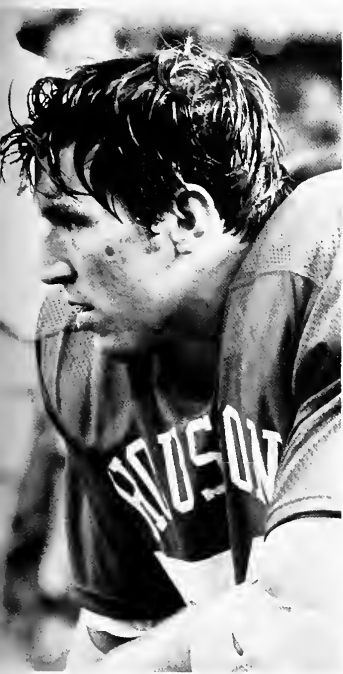

“... and it ain't how the game's played.”

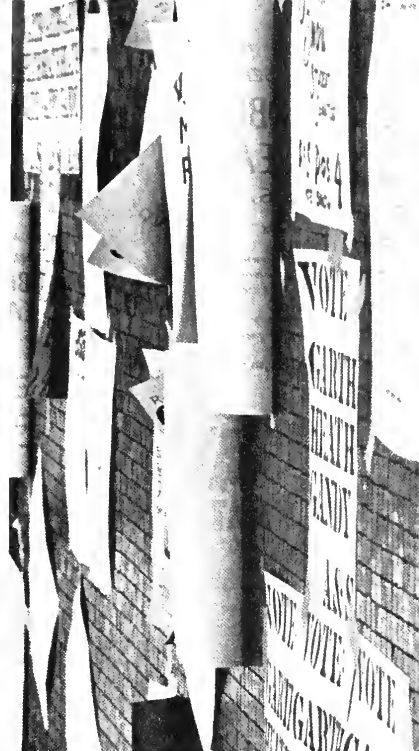

Diversity of guest speakers reveals free facet of UH education

ABOVE RIGHT: Cornell Wilde outlines an approach to film making. ABOVE, FAR RIGHT: Harvey Cox, Theologian, speaks about the status of organized religion in America Today. RIGHT: Chaucerian dramatist gives inspired interpretation of "The Canterbury Tales" for a Houston Room audience. FAR RIGHT: Albert Maysles, co-director of "Gimme Shelter," explains his principle of objectively presenting events without taking a "moral" stand and this principle's place in relation to the rest of the film movement.

Music-makers move campus with variety of sounds

ABOVE LEFT: A zany group of ex-Columbia students, "ShaN-Na-Na," entrall students with bouncy 1950's style music and hilarious imitations of luminaries from that memorable period. FAR LEFT: "The Southwest Freeway" entertains on Arbor crowd at no cost other than the effects of the poor acoustics on the listeners' ears. MIDDLE LEFT: "Up With People" put out their sunshine sounds to a University Center gathering. LEFT: The country-rock sounds of "The Nitty Gritty Dirt Band" creates a feeling of authenticity during their low-cost concert at Hofheinz Pavilion.

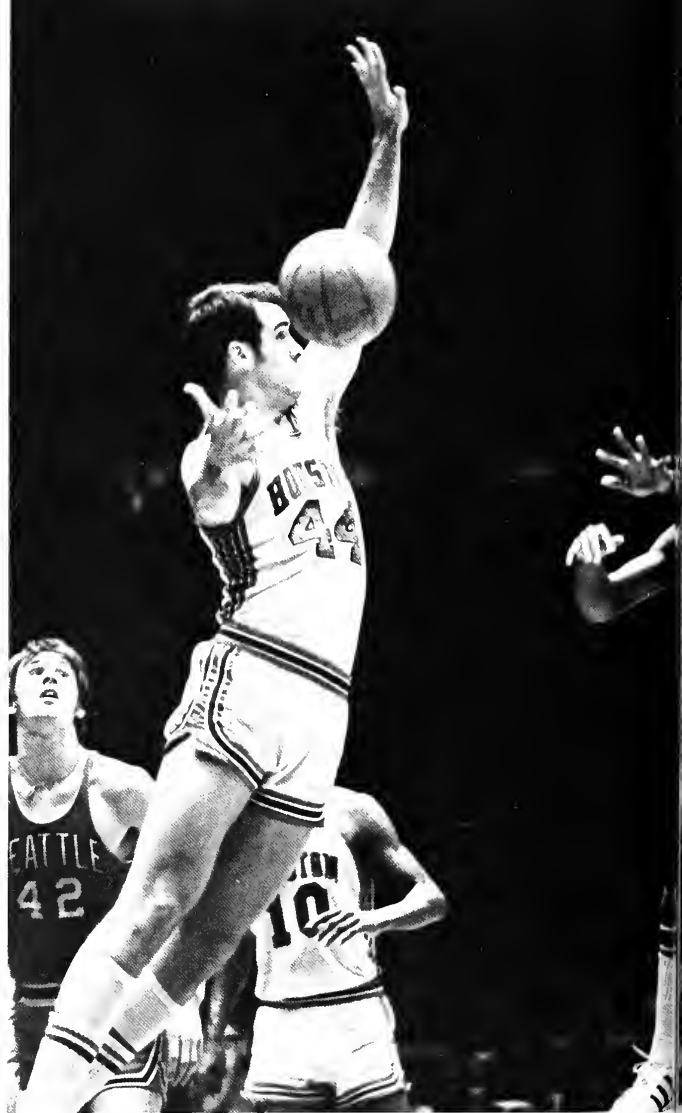

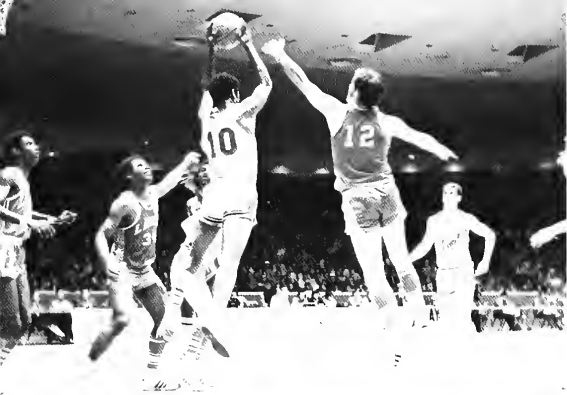

If you can't make it to the Pavilion,
just wait for a watermain to break . . .

FAR ABOVE: Taut moment in "The Best of Both Worlds," a production by a distinguished traveling company. ABOVE: Confrontation in a Music department opera, "Slow Dusk." RIGHT: Vivid storyteller spellbinds his attentive audience.

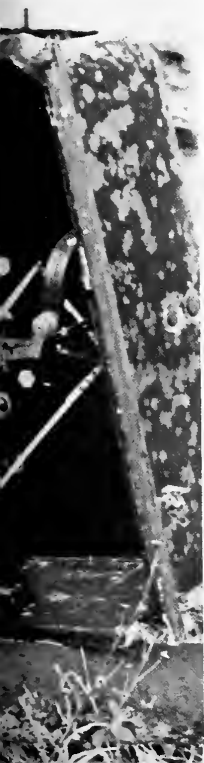

Dramatic year for UH;
visiting companies, school shows,
provide exposure for interested

Streaking Cougars complete regular season
with 20-6 mark; win 13 straight in the Pavilion . . .

ABOVE: UH Vice President T. Roger Nudd, with his assistant Tom O'Donnell, talks presumably about student life with young lady. FAR ABOVE: Vice President Tough and T & S chief Larry Fultz discuss their respective functions in the UH world. NEXT PAGE: UH President Philip Hoffman describes to students the isolation from the campus community that is the fate of every head of a large university.

Administrators move to mollify students
in sparsely attended rap sessions.

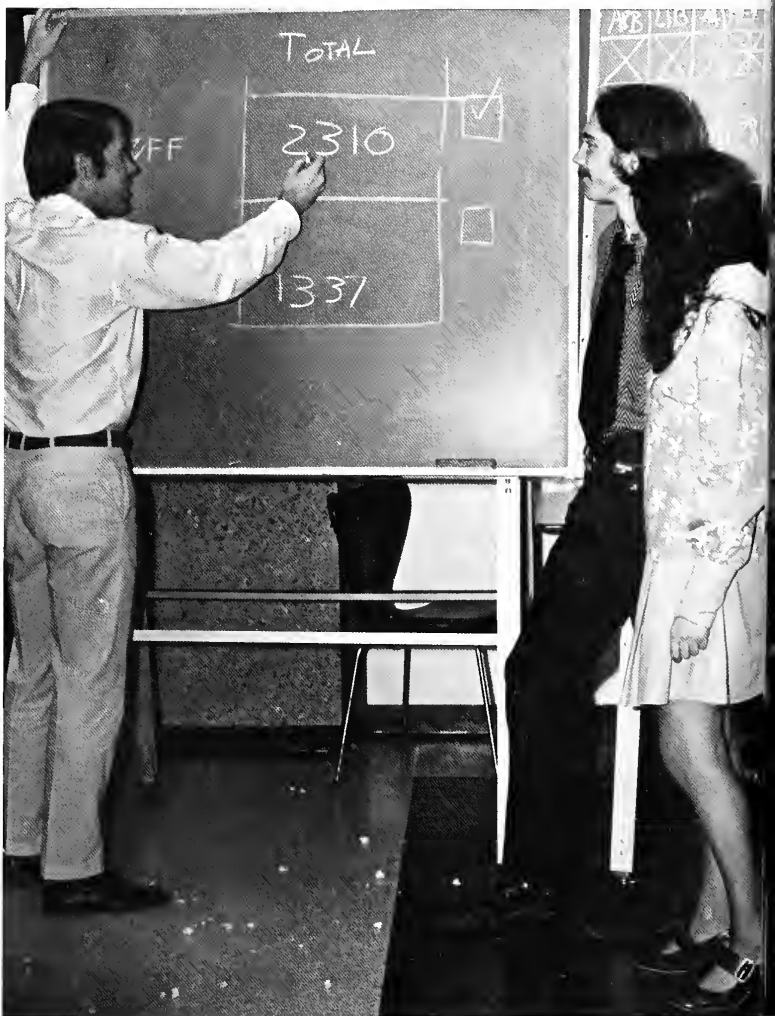

Paul Winter,
Ace Trucking Co.,
Bill and Lucille Cade
perform on campus.

Umoff, Jimenez
take SA election;
Cheerleader race
drowns campus
in paper blizzard

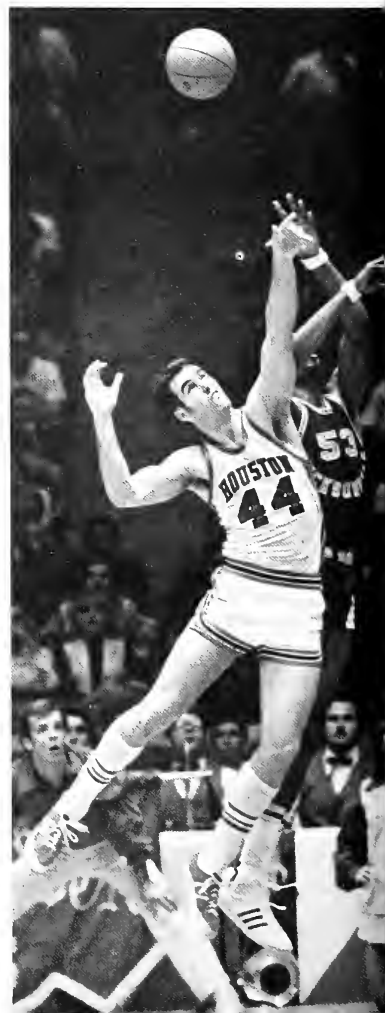

RIGHT: Winners Steve Umoff and Maria Jimenez savor a runoff victory over SA Presidential rivals Ronnie Peacock and Richard Cole. MIDDLE LOWER RIGHT: Election workers total votes in UC cafeteria. Other shots reveal the intensity of an exceptionally trashy cheerleader campaign.

UH claws sixth-ranked Jacksonville 83-82 for biggest win of year; tenacious Cougars out rebound giant Dolphins by wide margin.

Powerful Kansas nips UH 78-77
in NCAA regional; Cougars storm back
to crush Notre Dame 119-106 in consolation bout.

Coogs win warmer over frosh,
overcome chilly shooting
to cool Aggies, 72-69

In a tuneup for the NCAA playoffs the Cougar varsity thumped their Kitten counterparts, 105-95. Fresh Dwight Jones, a big center with a bright future, dropped in 33 points for the Kittens. Against New Mexico State in the qualification round of the NCAA Midwest Regional the Coogs had a rougher time. UH trailed the Aggies by as much as 19 points before eking out a three point 72-69 win. UH forward Dwight Davis (42) seemingly was everywhere as he scored 30 points and UH advanced to the Midwest Regional.

Fine Freshman squad
flashes through season;
promises powerful additions
to varsity in '71-'72.

High school students get glimpse of future during UH Engineering Week activities.

ABOVE: Engineering grad student describes computer operations to Yates seniors Don Smith and Jerry Schenier.

McCarthy foresees depersonalization of Presidency in emerging '70's.

RIGHT: Former senator and Presidential prospect Eugene McCarthy posits his view of the United States since W.W. II and its probable course in the '70's. The 1968 candidate for President is pleased by a trend among Americans towards more participation in their governmental processes. FAR RIGHT: Chief Adebo, Under-Secretary of the U.N., speaks to a World Issues gathering on the role of nationalism in future world affairs. The Nigerian statesman views nationalism as an inevitable, if unfortunate, fact of life in the '70's. BELOW LEFT: Dr. Gorrett Hardin points a bleak picture of earth's ecological landscape and puts primary blame on the government agencies who have the power to control pollution and population growth.

ABOVE: Pulitzer Prize-winning historian Arthur M. Schlesinger, Jr. tells a World Issues Conference crowd that world unity cannot be legislated but will develop only by an organic merging of beliefs, traditions, and hopes among all people. Such a merging, the advisor to former President Kennedy said, was at best a long way off and the United States would do well to attend to its domestic woes. RIGHT: William Stringer, columnist for the Christian Science Monitor, proposes the "bridging of the global gap." He suggests a more sensitive awareness, on the part of all, of the different cultural and historical experiences that each nation possesses.

Schlesinger skeptical of chances for world unity;
America must mend her own fences.

The Creation

Drama production of "Cabaret"
artistic, commercial success.

University Festival speakers
explore "Earth and Myth":
reality and the myth
man makes of it.

The 1971 University Festival was centered around the topic of "Earth and Myth," the earth, man's environment, and the myth, his conception of it. LEFT: Harold Morowitz talks of a missing thermodynamic law which can explain life processes. BELOW: UH's Phil Snider discusses genetics and the idea that man can control his own evolution. LOWER RIGHT: Anthropologist Edmund Carpenter lectures on eskimo life and the psychic togetherness that characterizes it.

Students ponder Jung,
Ecology and adolescence,
Science vs. Religion.

UPPER LEFT: Professor Roger Sperry of Cal Institute of Technology discusses where moral and religious values and beliefs fit in a scientific world. ABOVE: Psychoanalyst Harold Stone explains how Jungian theory can lead towards a new frontier in science. RIGHT: Paul Shepard describes the ecological perspective on adolescence.

FAR ABOVE: UH coeds gab as they construct set for Drama department production of "Indians." ABOVE: Strategy meeting of would-be Indians with Drama Dept. Chairman Dr. Sidney Berger commences as date of production draws near. ABOVE RIGHT: UH drama production of "Joe Egg" received outstanding reviews from media and students.

Coordinated planning, hard work
set stage for dramatic climax.

UH, Rice agree on gridbatttle
as spring training, baseball
take up sports slack.

FAR UPPER LEFT: UH football coach Bill Yeoman, Rice grid mentor Bill Peterson, and Coog Athletic Director Harry Fouke announce the first grid match between the two schools. The game will be played in Rice Stadium in September. Later in the spring UH was admitted to the Southwest Conference, a move made possible by the initiative of the University of Texas. ABOVE LEFT: While gridders sharpened their skills in the off-season, the Cougar baseball squad was off and rolling.

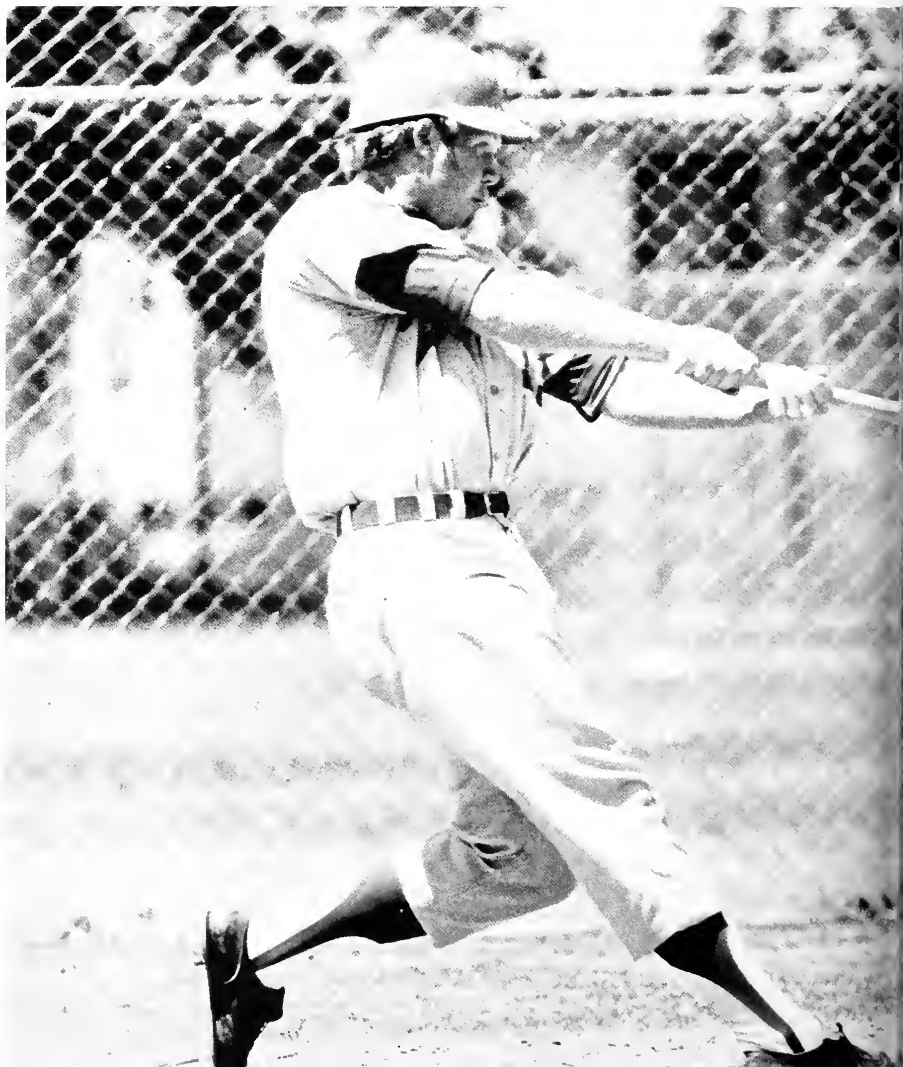

Chavez backs boycott,
Carmichael points toward Africa

Cesar Chavez and Stokely Carmichael, two leaders of American minority groups, demonstrate to student audiences the differences in their ideologies. Carmichael, who keynoted the Third World Conference, advised black people to abandon a hopeless pursuit of integration and work to liberate Africa. Chavez urged support of a boycott on non-union farm produce and recommended working within the American system to better the lot of Chicanos.

UH baseball squad enjoys fine season;
title hopes squashed by late season
losses to powerful Texas Aggies.

New campus statues
reflect arty emphasis
of UH planners.

Busy bombers, plethora
of politicians shake up
dull political scene.

ABOVE: William Kunstler makes an address during a Houston legal conference. LOWER LEFT: Students collect petitions demanding the release of U.S. airmen shot down over N. Vietnam. UPPER RIGHT: Young Americans for Freedom spokesman Ron Docksai speaks at a debate with Young Socialist Alliance mayoralty candidate Debby Leonard. YSA Headquarters on Wheeler St. were bombed in spring by nightriders. OPPOSITE PAGE LEFT: David Diehl carries rubble from the shattered headquarters.

Outstanding Freshmen

**W. B. BATES
CHAIRMAN
BOARD OF REGENTS**

(TOP LEFT) W. B. Bates is the senior partner in the law firm of Fulbright, Croaker, Freeman, Bates and Jaworski as well as being chairman of the board of directors of the Bank of the Southwest.

His interest in education is evidenced by his work with the University of Houston since its conception, Trinity University, Texas State Teachers Colleges, the Development Board of the University of Texas, Houston School Board, and the Southwest Research Institute.

"I grew up in the country and went to a one-room school. When I was 18, I went off to a little larger school, and I got a certificate to teach in a country school right behind the old farm . . . I went to law school, studied hard and worked my way through. I graduated first in my class. I've been interested in school ever since."

"I think the job of the board of regents is like that of the board of directors of a corporation."

"The university should be a leader in educational matters and should conduct itself in such a way as to make people be proud of it. Just think what the public is doing for the students."

"I'm at least two generations from you folks, and I suspect I show it somehow."

**A. J. FARFEL
VICE CHAIRMAN
BOARD OF REGENTS**

(MIDDLE LEFT) A. J. Farfel is a business man. As an independent Houston investor, he is actively involved in Funds, Inc., an investments management firm, Dunhill International, Inc., a holding company, A. G. Spalding Bros., and Ben Franklin Savings Association.

His duties as a regent are centered around the Investment Committee. "The Investment Committee has the job of creating income out of what little assets they have for investment purposes and by doing so, strive for improved values. Because of the crying and present needs of the university, we place the emphasis on income, not an spending power and therefore, we sacrifice growth."

"This is a two-way street. The University of Houston is one of the greatest assets to the community, and the community, in turn, should help nurture the university."

"Each person should be given the opportunity to live up to his potentials; frustrations occur when you don't have the opportunity to reach your potentials. Education is an aid, like a tool, to help one accomplish and reach his ultimate potential."

**J. A. ELKINS, JR.
SECRETARY
BOARD OF REGENTS**

(LOWER RIGHT) J. A. Elkins is president of the First City National Bank. His other business interests include Eastern Air Lines, United Gas Corporation, and seven other area banks. He has served in the past as a director of the Houston branch of the Federal Reserve Bank of Dallas and the Houston Chamber of Commerce.

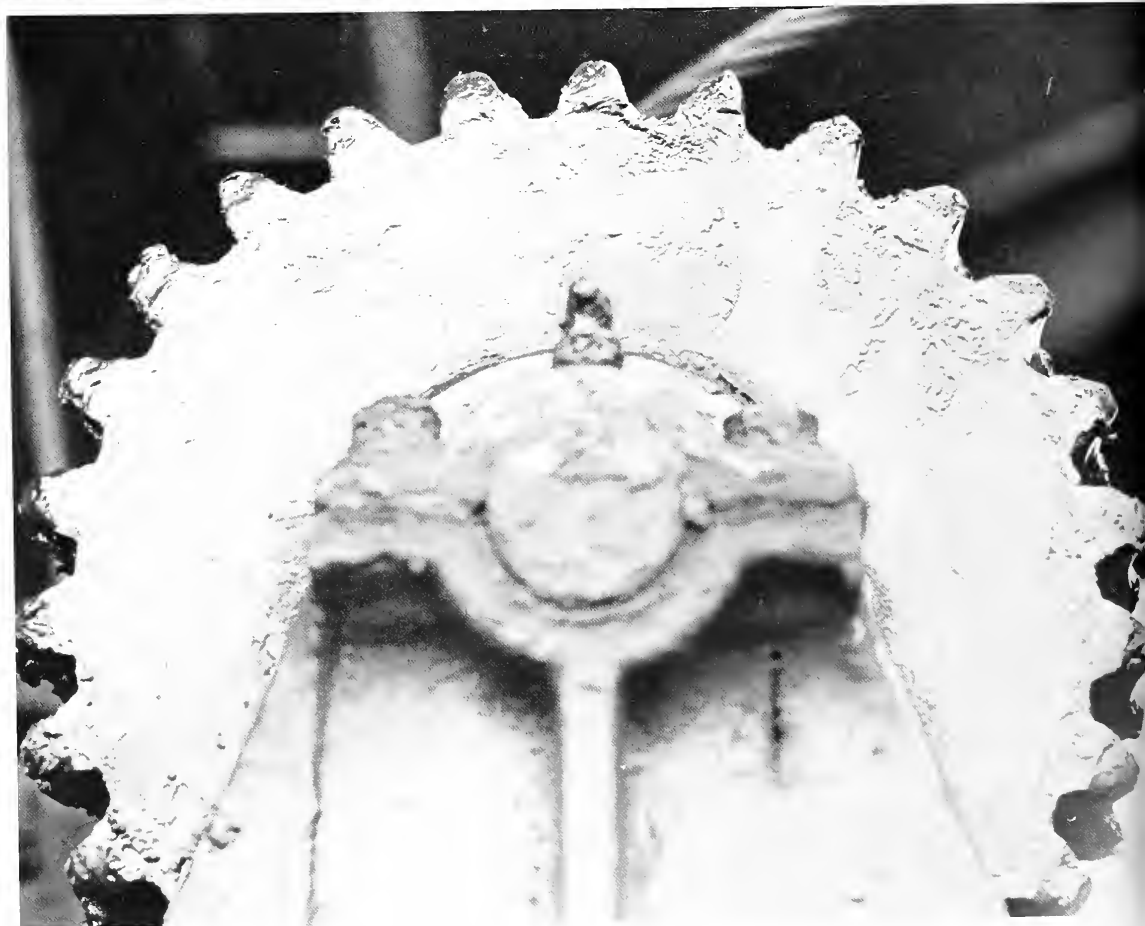

"I don't figure my place is on the campus. They don't want me stomping around there."

"I don't think a regent should have personal contact with the students because your viewpoints become warped one way or the other."

"The university is important to the community in that it brings needed academic and scientific skill to the city that otherwise would not be here."

JAMES T. DUKE
BOARD OF REGENTS

(TOP LEFT) James T. Duke, resident of Johnson City and retired officer of Brown and Root, Inc., was named to his post in 1963 by Gov. John Connally.

"I've been chairman of the Building Committee ever since it was organized. It's been an enjoyable and romantic time."

"All we need is money. If we can get more, I'd like to spend it for you."

"I don't think it's within the province of the board to delve into details. In fact, we delegate most of our administrative authority to President Hoffman. He has to check it with us usually, or does check it with us, before he does anything of any importance that will affect the student body — like the troubles we've had out there. All of it was checked with the board before a decision was made."

"Oh, yes, the university does play an important part in the community, but it certainly upsets the community sometimes."

TRAVIS C. JOHNSON
BOARD OF REGENTS

(TOP RIGHT) One of the youngest regents, Judge Johnson has been on the board since he was appointed by Preston Smith in 1969. Now privately practicing law in El Paso, Johnson has been involved with many agencies on youth and mental health.

He received a B.B.A. from Texas A&M University and graduated with a doctorate in jurisprudence from the University of Houston Law School.

Judge Johnson has the reputation for being the least conservative member on the Board of Regents.

JAMES H. GREER
BOARD OF REGENTS

(LOWER RIGHT) One of the newly appointed regents, James H. Greer is currently serving his second year as a member of the Board of Regents. He is a former graduate of UH. Greer obtained a B.S. in Chemical Engineering in 1954. Greer resides in Houston and is president of the Shelton W. Greer Company.

His continuing interest in the university is reflected in a series of generous gifts:

December, 1959 — \$10,000 — To be applied toward engineering salary commitments. July, 1964 — \$1,000 — To be applied toward athletic scholarships. May, 1965 — \$5,000 — To be added to the President's Restricted Fund. November, 1967 — \$1,000 — To be applied toward athletic scholarships. June, 1968 — \$1,000 — To be applied toward athletic scholarships. April, 1969 — \$1,500 — To be applied toward athletic scholarships.

Greer was appointed by Gov. Smith in 1969.

**LEONARD RAUCH
BOARD OF REGENTS**

Appointed by Gov. Preston Smith, Leonard Rauch is one of the newest regents. He will serve a six-year term.

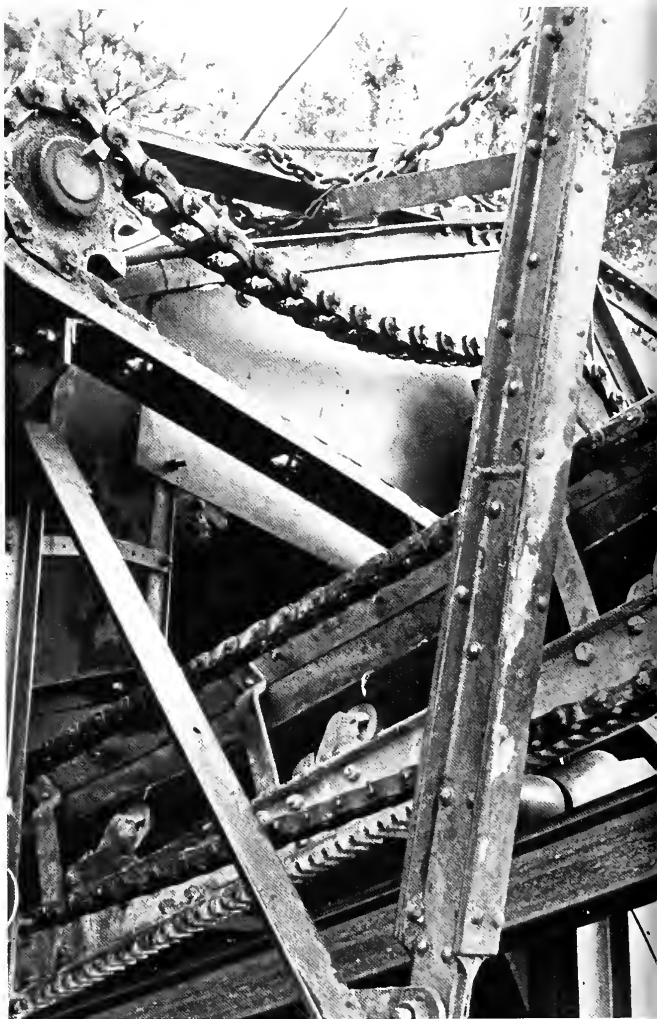

Under sharp questioning by a Texas Senate Nominations Committee, Leonard Rauch denied allegations that the regents follow Pres. Hoffman's agenda without question.

The three newest regents who appeared before the committee said that in the past such complaints might have been justified but that the situation is changing.

"We have fought him (Pres. Hoffman) on a number of times. We are not a rubber stamp board."

As an alumni, Rauch holds the title of UH Golden Cougar, an honor directly related to his interest in sports and generous contributions to the athletic department.

Rauch is secretary-treasurer of the Standard Southern Corporation, a Houston-based company.

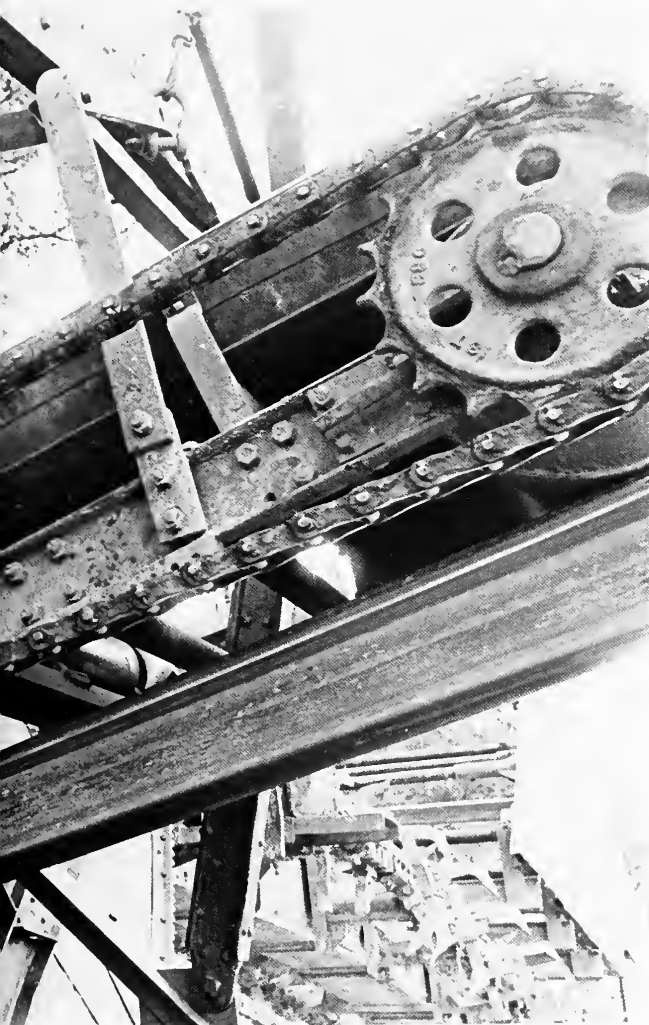

**C. T. PARKER
BOARD OF REGENTS
(Not Shown)**

C. T. Parker was unavailable at this time. Because of pressing business obligations, he was unable to meet our repeated efforts to contact him.

Parker is president of Parker Brothers & Co., a Houston dredging firm. He has served as a regent since 1965 when he was appointed by Gov. John Connally.

He like several other regents is an alumnus of the university.

Parker is well established in the dredging business and serves as an officer in the following companies: Buckeye Concrete Co., The Temple Crushed Stone Co., Texas Molten Sulphur Transport Co., Greens Bayou Engineering & Machine Co., the Sioux City & New Orleans Barge Lines Inc., and the Lake Charles Dredging and Towing Co.

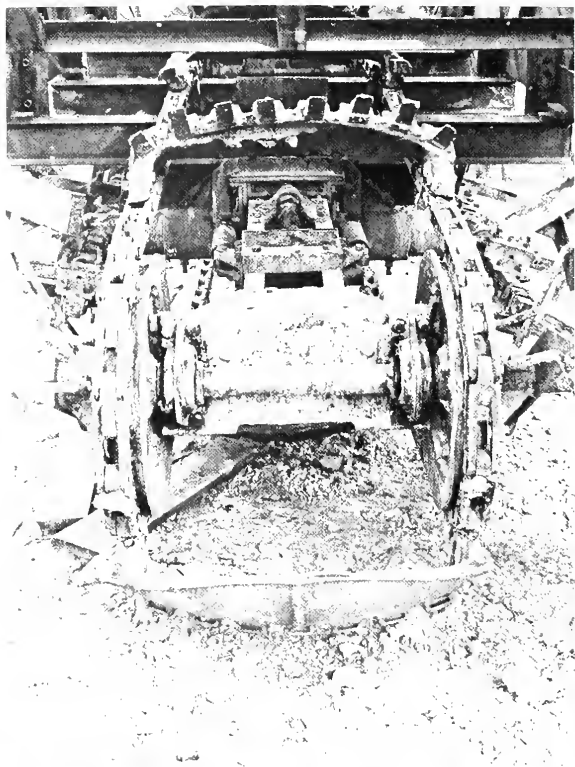

MRS. GUS S. WORTHAM BOARD OF REGENTS

Mrs. Wortham of Houston was appointed in 1963 to the board by Gov. John Connally.

She has long been interested in educational endeavors. In 1958, she and her husband, Gus Wartham, president of the American General Group of Insurance Companies, established the Wortham Foundation to further those educational and philanthropic goals they wished to achieve.

Mrs. Wartham is president of Girlstawn U.S.A. in Whiteface, Texas. She has also been active with the Houston Speech and Hearing Center, the American Cancer Society, the Garden Club of Houston, the Houston Symphony Society, and the Houston Grand Opera Association.

**PHILIP G. HOFFMAN
PRESIDENT**

During a decade as president of the University of Houston, Philip G. Hoffman has presided over many changes. The fabric of the university has been woven into a topestry of multi-textured interests and purposes.

"My job boils down to creating an atmosphere conducive to the functioning of the university."

To create this conducive atmosphere, Hoffman works to understand the divergent demands of different influential sections of the university and to formulate a policy which does not alienate any of those sections.

By striving to follow this essentially "consensus" philosophy, Hoffman has been vulnerable to charges of not doing the "right" thing and for ignoring less powerful sections of the campus community.

"I do not have as much contact with the students as I would like to. It's regrettable, but on a campus of over 25,000 students, it is difficult to establish a one-to-one relationship. Even with over 4000 instructors, they are not getting the attention they deserve . . . The rights of the student are the same as the rights of any citizen. They must remain within the law."

The university has become an integral part of the larger community in which it exists. People from UH influence the political, cultural, and social pattern of that larger community. Pres. Hoffman is hardly an exception. As a past member of the Houston Research Institute and present member of such civic organizations as the National Space Hall of Fame Foundation and the Houston Symphony Society, the UH president has proven an example of civic awareness. In order for the president of a state school to be effective, he must be acutely aware of the opinions of those residing outside the educational community, such as legislators, who exert great power over the school. It is in this province that President Hoffman excels. Making frequent trips to Austin, the UH president and his staff carefully ascertain the position of the Texas legislature on various school issues. The continued existence of Dr. Hoffman and his staff speaks for their proficiency in this area.

PATRICK J. NICHOLSON
VICE PRESIDENT
UNIVERSITY DEVELOPEMENT

(RIGHT) "This office works with the legislative branches of the government. We prepare the budget and get it to Austin and get it approved. We provide the legislators with all information regarding our budget."

"Our offices also handle research grants and act as a type of public relations office between the president of the university and the community. Four or five large research grants are given a year through our office."

"My office is divided into several different offices: Central Administration which takes care of records, works with the President, the Regents, and legislative branches; Alumni Federation; Radio-TV; University Relations which conducts commencement, high school conference, and faculty-student relations; and fund-raising offices which conduct the UH Excellence Campaign."

C. F. McELHINNEY
SENIOR VICE PRESIDENT AND TREASURER

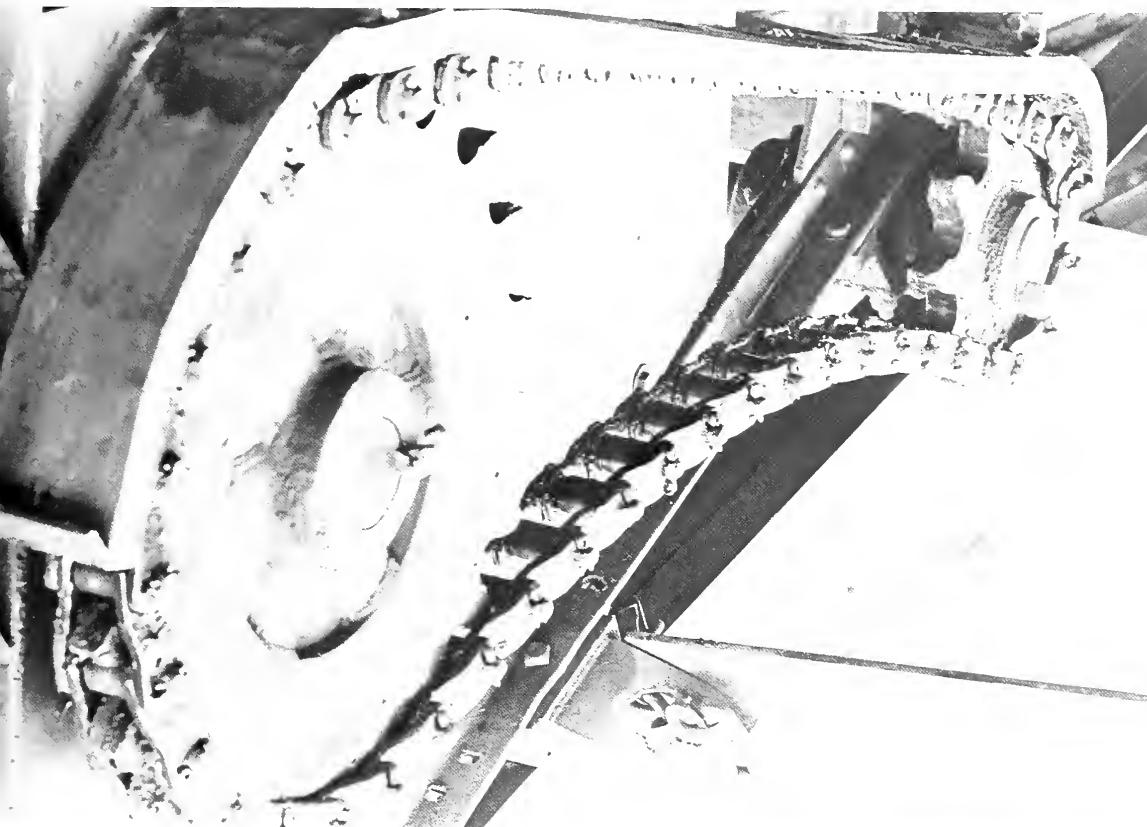

(LOWER RIGHT) "I am of course the principle financial officer of the university, and as such, it is my overall responsibility to delegate duties on everything from the receipt to the disbursement of funds."

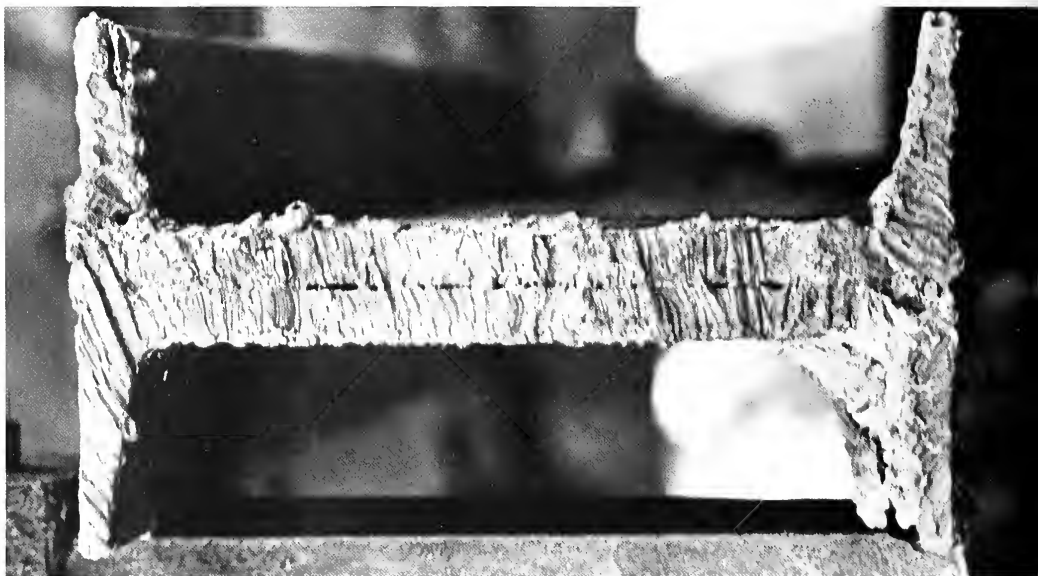

"... the university in my opinion should not be viewed as an instrument of social change. It is not up to the universities to reform the political system, nor to reform the social system. It's up to the university to train people who as people may go out from the university as graduates and engage in whatever social change they wish to advocate."

"I would say that students have the right to express their opinion, would hope in a polite fashion, on any subject and at any reasonable time."

"The great bulk of students registered in colleges and universities in the United States, in my opinion, couldn't care less about these burning issues that the minority are using as an excuse upon which to hang their protest. Now when I say they couldn't care less, I don't mean they're not privately concerned. They couldn't care less about this being an issue at their college or university. Their underlying ambitions in my opinion are what they were five years ago — that is, to get an education."

T. ROGER NUDD
VICE PRESIDENT
DEAN OF STUDENTS

"Generally I am responsible for supervising the various department heads in this division."

"Also, I individually try to see through projects that are of interest to the student."

"I work a little bit more with faculty and administrators. I think maybe about 30% with students and 70% with faculty and other administrators."

"I don't think anybody ever has as much contact with students as they'd like to have."

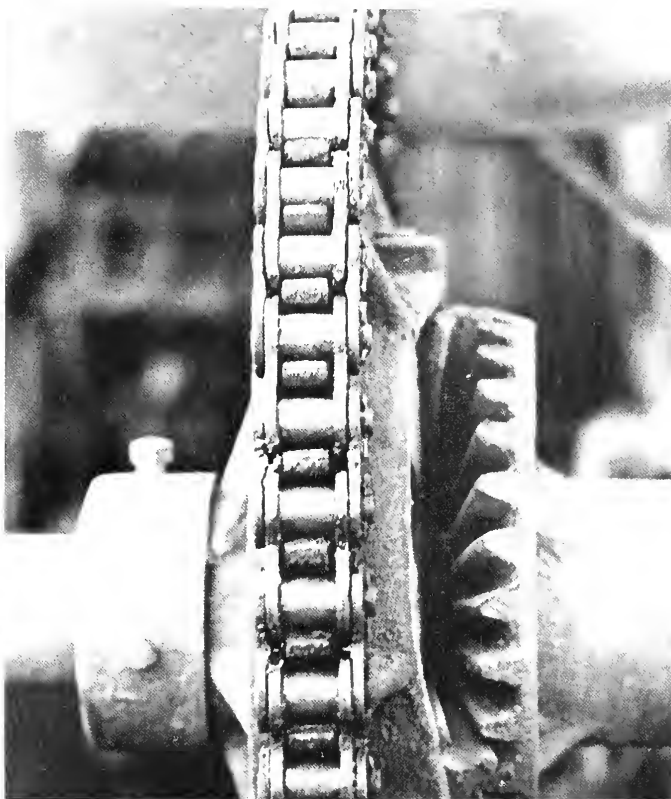

"We want students to feel that they can come to us for some help solving problems concerning their education."

"I wish I saw more different students."

"I don't really have much feel for how many students are on the hard stuff."

"Our students have a right to express their opinion fully as long as it doesn't interfere with the ongoing process of the university."

"Relevance is what we need."

DOUGLAS G. MACLEAN
VICE PRESIDENT
STAFF SERVICES

"My basic concern is to provide staff assistance in getting the job done. I develop the basic information support for administrative decisions."

"Don't quote me but my main concern is trouble shooting — to keep dissention down between the main offices."

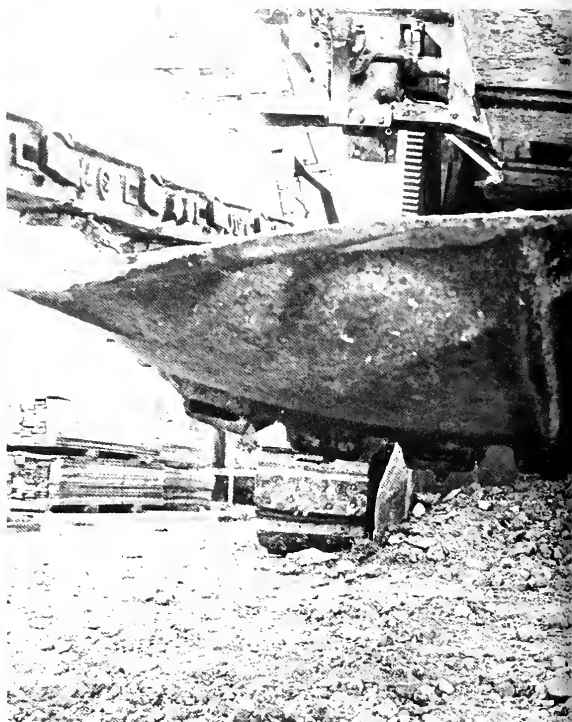

"The university does not relate very well to the community. Of course, this depends on your own value

structure. Many times the university is trapped into public service."

"The measure of success of the university is in the quality of the lives of those that go through it. Its purpose is aimed at students learning how to live in this world."

"Open dissent is fine in the university system."

"As John Stuart Mill said, 'the freedom of the individual must not be limited; yet, he must not be a nuisance to others'."

EMMETT B. FIELDS
VICE PRESIDENT
DEAN OF FACULTIES

(TOP LEFT) "My office is the chief academic office. We make educational policy, approve faculty appointments, and develop new programs. I mostly work with administration and faculty. I'm also on the Facilities Planning Committee. I participate in all the decisions."

"I find the University of Houston exciting. Because it is relatively new and there is pressure on its size, we have a prospect for quality."

"My first goal is to improve the quality of U. of H. My second goal is, to a broader degree, to fulfill the state's expectations. One way is to further develop the graduate program. My third goal is to gain national significance in several important fields suited to our location. These would be Urban Studies, Marine and Coastal Environment, and Latin American Studies."

COULSON TOUGH
VICE PRESIDENT
FACILITIES PLANNING AND OPERATIONS

(LOWER RIGHT) "My office deals with all physical planning activities. This includes planning, design, and construction of buildings and their maintenance and operation." "Our biggest problem in maintenance is money. We have a high turnover due to low salaries in our 370 budgeted positions."

"It all boils down to space, time, and money."

"One of my favorite quotes is by Oscar Wilde. He said, 'When I was young, I thought money was the most important thing. Now that I'm old, I'm sure of it.'"

"We are free of control from benefactors. But when you become old, you want to attach your name to something that has continuity."

"Actually, we have gone to great lengths to preserve landscaped areas on campus."

CONNIE WALLACE
ASSISTANT DEAN OF STUDENTS

(TOP RIGHT) Connie Wallace is the first woman to serve in this position at the University of Houston. She deals with various women's groups, handicapped students, work involving the Traffic Court, and student problems on an individual level.

"My title is important this year. Now you have a woman who is Assistant Dean of Students."

"I do a lot of things that are typically Dean of Women kinds of things."

"I don't deal directly with a lot of discipline. It's no fun slapping somebody's hand."

"A couple of guys said that they thought that I was perhaps, as a woman, a little bit more patient."

"I had another guy say that he thought that a woman would be an easy pushover. After we dealt with the problem, he said that he found that wasn't necessarily true."

"A person's sex does not necessarily determine what problems or what other personalities he or she can deal with."

"Women's Lib is not very active on campus, yet. Not as active as I'd like to see them become, that's for sure."

"Young people need to make themselves heard just like anyone else."

JAMES B. WHITEHEAD
ASSOCIATE DEAN OF STUDENTS

(BOTTOM LEFT) Dean Whitehead, who is second in command of the Student Life Division, has responsibilities extending throughout the university. With his role as Vice-President Nudd's chief assistant as a central reference point, Whitehead branches into such diverse areas as Student Court, the orientation program, fraternities, and academic relations with the Student Life Division.

"I coordinate activities of student court. We have inaugurated a new system in court — student attorney acting as student defenders and prosecutors."

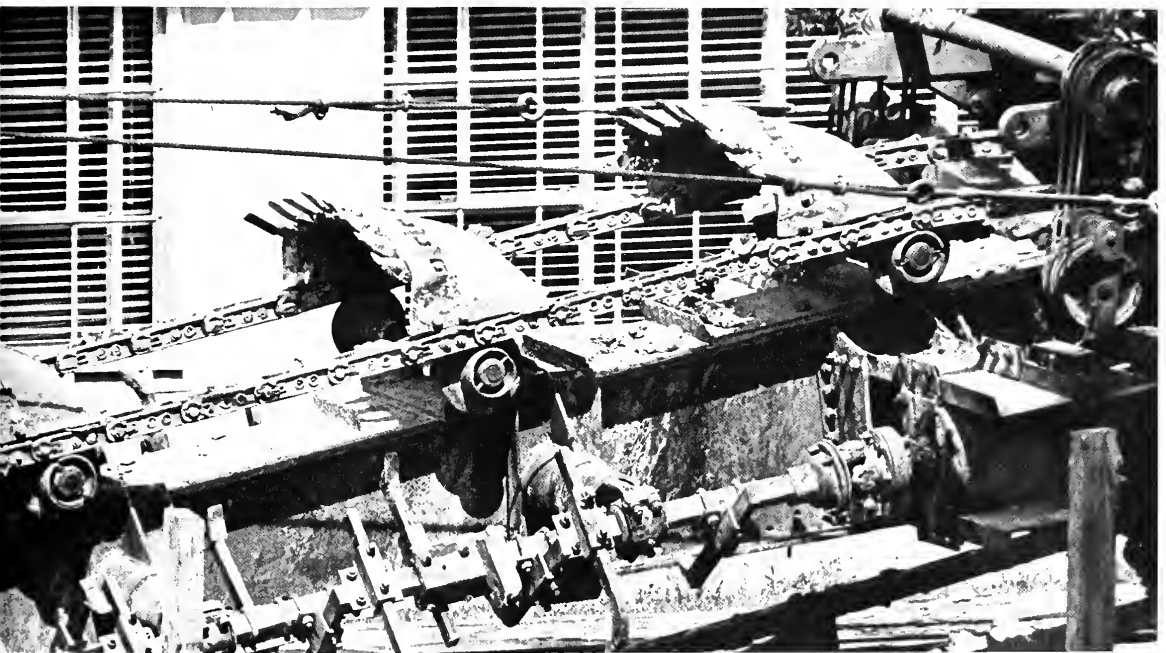

The new system unveiled in the Chapman case, has drawn heavy fire from the Student Association for its tendency to pit student vs. student on crucial issues often affecting the student's very existence at the institution.

"To survive, fraternities and sororities must change to meet the needs of the students. At UH, they are declining in numbers . . ."

"I keep the lines of communications open with the academic side of school by working with deans and academic heads."

"The University contributes to the community in the form of graduate students doing jobs needed to be done in industry, public schools, and culturally . . . The faculty performs consultation to business and industry."

HARRY H. FOUKE
DIRECTOR OF ATHLETICS

(TOP) "The duties of the Director of Athletics vary from purchasing equipment to the maintenance of fields to the general coordination of the large athletic department with its many activities."

"I know most of the ball players; I like to keep in touch with most of them, and I like to follow most of our teams when they play away as well as at home."

"Each sport has contributed in its own way to the athletic light of the school."

"Nothing takes the place of winning to create interest."

"It would be tremendous for us to get in the South-

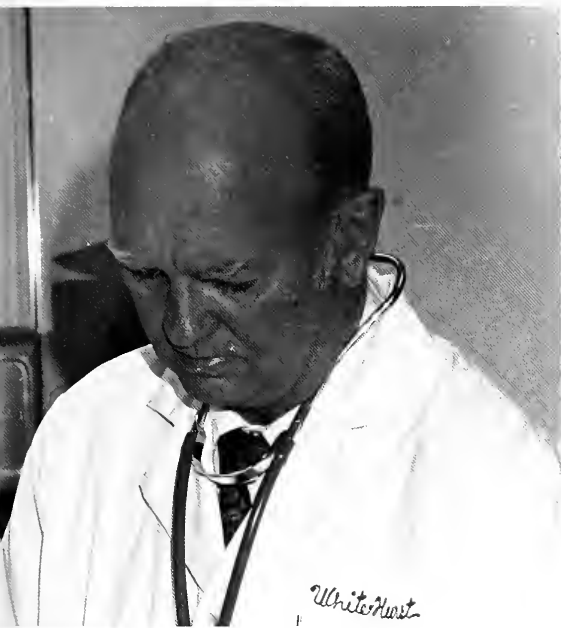

west Conference."

PATRICIA ALLEN
SCHOLARSHIP AND FINANCIAL AID DIRECTOR

(BOTTOM) The Office of Scholarship and Financial Aid is one of the most appreciated offices because of their service to students who have financial problems. Patricia Allen is the impelling force behind this office.

"Our office tries to make it possible for all eligible students to attend school even though it's not always possible. We visit high schools trying to motivate high school students to college."

"The goal of our office is to get a 'one-to-one' counseling for students."

DR. JAMES R. WHITEHURST
HEALTH SERVICES DIRECTOR

(TOP) While not the favorite hangout of the UH set, the student medical center is an essential part of the UH campus. The center is staffed by four physicians, of which Dr. Whitehurst is one. As director of medical services on campus, Dr. Whitehurst tries to provide both faculty and students with competent medical attention.

From eye tests to asthma or a cut finger, the afflictions are efficiently dealt with by the medical center.

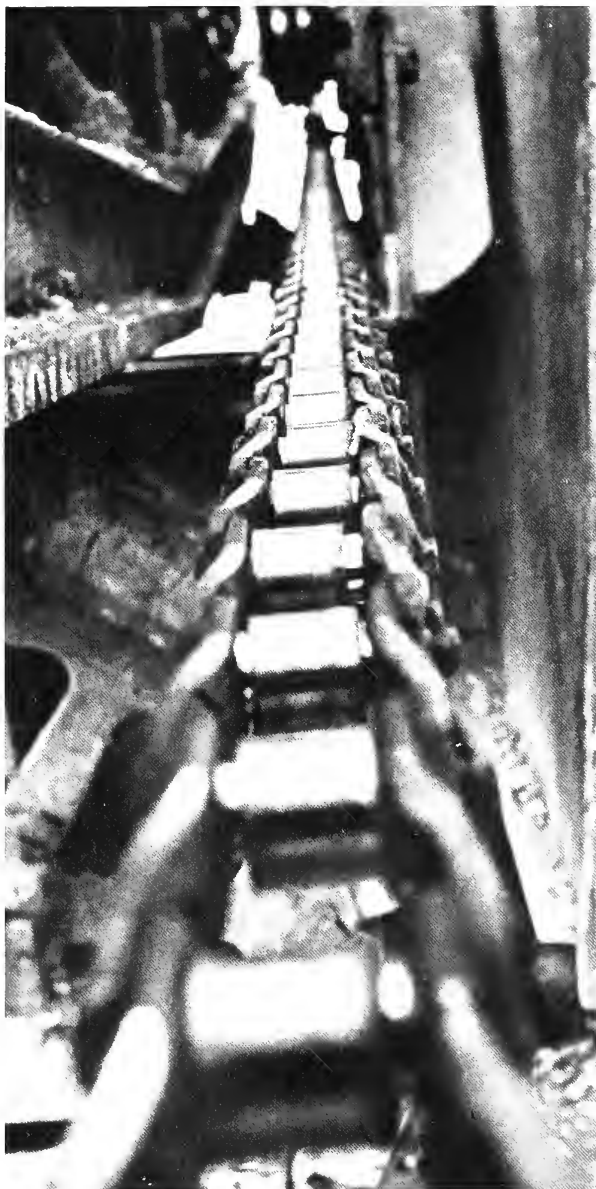

ROBERT H. MILSTEAD
PLACEMENT CENTER DIRECTOR

(BOTTOM) "We are concerned with career counseling for students as undergraduates as well as for seniors who would like career jobs as graduates."

"At graduation, students are eligible to go through both fall and spring interviews as employers come to campus . . . Our counselors had over 15,000 interviews last year."

"A student was concerned because so many of the business degrees were not being placed by us. This is fact. There are not jobs for these people. We're concerned."

"Our biggest problem is communication with students, whether freshmen or seniors."

JACK D. BURKE
INTERNATIONAL STUDENT SERVICES DIRECTOR

(TOP) "Our function is to care for the special needs of the foreign students on this campus."

"We have a four day orientation program when the student arrives."

"They can call the staff here 24 hours a day."

"If a student is in an automobile accident, we try to help him with the police, insurance companies, or visit him in the hospital."

"Any time there's a national crisis we try to help in some special way."

"We have to make sure that we in no shape, way, or form enter into the politics of other countries or show any biases."

"A lot depends on the experience they have here."

"We're very concerned about their general welfare. They are, after all, guests in our country."

EDWARD G. HOLLEY
UNIVERSITY LIBRARIES DIRECTOR

(BOTTOM) "If the function of the university is to educate the students so they have a critical judgment of any subject with which they are in contact, it is the duty of the library to provide all views."

"There should be a call for an attitude of tolerance in all segments of the university."

"A university librarian tries to balance the demands. There are a lot of ways in which we do fail. Unless changes are made, we may not survive the 70's."

"The emphasis for the 60's was to build the collections. For the 70's we want to provide better services."

JOSEPH P. SCHNITZEN
COUNSELING AND TESTING DIRECTOR

WILLIAM D. SCOTT
UNIVERSITY CENTER DIRECTOR

(LEFT) "The duties of the counseling and testing offices are many and varied. Any problem may be discussed with a counselor and everything discussed is kept confidential."

(RIGHT) "I'm responsible for what goes on in the building and all activities assigned to it."

"There is always a human element involved when discussing problems; sometimes counselors run across problems which they can't answer so they call in some outside help."

"I don't make the policies. I don't want to make the policies."

"There comes a time however, when all people reach points of decision — a crisis and they really want to sit down and talk it over, get some help."

"Organized groups equally get the opportunity to use the UC."

"Our office also does research on student development — helps UH to focus on the student as a developing force."

"I don't have as much contact with the students as I'd like."

"We want to keep away from people who hawk."

"But it just seems that there's never enough time to do everything."

"Sure there's use of marijuana in the building. We don't try to police it."

"Our primary concern is for the students. Their money built and runs the building."

Audrie McVea, president

DELTA SIGMA THETA sorority members tutored athletes during the 1970-1971 school year. Members of the undergraduate chapter and alumnae chapter, and athletes from the basketball team are pictured getting the new program underway.

DELTA SIGMA THETA has been a long time supporter of the Breakfast Food Program. The chapter donates time, money, and food to assist in maintaining the program. Pictured is Regina Drake preparing breakfast for children who are on their way to school. The breakfasts are served between 7:30 and 8:30 a.m. at Walls Chapel A.M.E. Chapel.

DELTA SIGMA THETA members, Vera Scott, Danny Laftin, and Elnita Alexander conduct Black History classes for the children in Sunnyside. The classes are held by Delta Sigma Theta every Saturday at Walls Chapel A.M.E. Church.

Al Sterkx brings home victory over Delta Chi.

Omega Psi Phi Fraternity was founded November 17, 1911 on the campus of Howard University. It is the first black fraternity to be established at the University of Houston. Omega's purpose is to occupy a progressive, helpful and constructive place in the civic and political life of the community, and to prepare its members for greater usefulness in the causes of humanity, freedom, and dignity of black people.

Phi Mu-Alpha Pi Win Best Chapter

Jebby Kirkhuff, Grant Frat; Sandy McArthur.

At the Phi Mu Annual Texas State Day, Alpha Pi Chapter took the top award of most outstanding chapter in Texas and Oklahoma. The alumnae chapter received the district best achievement award for the third year in a row. Mrs. Bessie Ebaugh was honored as the most outstanding alumna in Texas.

The Phi Mu ladies were busy this year. They collected over \$1,000 for their national philanthropy, the hospital ship "Hope," and also collected for the March of Dimes.

Halloween, Thanksgiving, and Easter parties were given for the children at Ellen B. Lane school. Phi Mu sponsored a drug abuse program for the campus, participated in senior week Sigma Chi Derby Week, and worked on the President's Excellence Campaign.

The Phi Mu gals are all proud of a very good year and will be starting the Fall with a cheerleader, the Cougar mascot, two fraternity sweethearts, and Miss Houston World.

Lynda Graham, Crista Beinhorn, Debbie Crump.

Paula Planck, Laura Cairns, Diana Watson, Dee Dee Maxwell.

Susie Wolf, Fern Reuss, Kay Dominey, Teri Donelon.

Jeannie Taub, Betsy Angelilli, Amy Bernet, Lois McCallister.

Pam Botella, Linda Reynolds, Anne Bridge.

Edna Boecker, Kathy Nixon, Cathy Bowers, Ann Denton.

Margie Saibara, Sue Dobbs, Jennie Robinson, Patricia Van Fleet.

Mary Angelilli, Candy Andre, Anna Watzlavick, Eunice Spriggs.

PHI SIGMA KAPPA sponsors two all-school TGIF'S, reach all-school softball playoffs, place fifth in Fraternity Intramurals.

LITTLE SISTERS: Allison Clawson, Dee Knox, Donette Hampton, Loyce Gossie, Joan Jefferies, Debbie Loird, Karen Roberson, Brenda Kessler.

Sweetheart Pam Sebesto

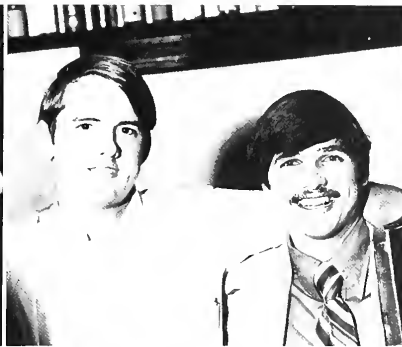

Lee Croucher, Marty Gummer, Bill Loftus, Rick Langley, Mary Morrell, Loyce Gossie.

S.A.E. Presents Annual Awards

Greg Gohar

Ran Aguillard

Mike O'Grady

This year S.A.E. gave its annual Gary Phillips award to Poo Welch for the outstanding basketball player of the year. The award is given yearly by Gary Phillips, an alumnus of S.A.E. who was an All-American in 1963. The player is elected by the students each year at one of the games and is presented the award at the following game.

This year S.A.E. included the Joe Hammood Award, given to the outstanding freshman of the year in memory of Joe Hammood who was killed in an automobile accident. Although not an S.A.E., Joe was an All-American for U.H.

LITTLE SISTERS: Sandy, Jerry, Kathy, Linda, Diane, Julie, Jenny, Becky, Karen.

1971 Sweetheart, Linda Sazma

Theta Tau

The feelings on today's campus of independence, social change, and moral re-evaluation are not in keeping with the image represented by most social "Fraternities."

Theta Tau is not a "Fraternity." Theta Tau is a Professional Engineering Fraternity. Its founders were dedicated to improving the quality of human life through Engineering. They designed cars, refineries, power plants, sewage systems, roads, most of the goods and services that are available to mankind today.

The price of progress has not been cheap. Solving some problems has created others. Pollution. Overpopulation, etc. Today's student has helped bring many of these problems to the public's attention. Theta Tau realizes it will be up to the Engineer to bring about the solutions.

Theta Tau's "tradition" is its dedication to Engineering students. Its laws are written by today's students. The chapters may abolish laws that are out of date and write new ones in keeping with the changing world. Theta Tau is as old as the young men leading it.

Tim Tilton, Dan Wilson, Olle Lorehn, Mike Mathena, Gene Koldginski, Regent, John Anderson, Tom Collins, John Lobe, Ben Trombatore, John Stout, Mike Bortniski, Vice-Regent, Phil Green, Cliff Hale.

Student Optometric Association sets professional standards and provides a community service.

Well done!

You've laid a firm foundation for your future.

You are a graduate. That sounds good. And it is good, for you have accomplished something very important. There have been weekly tests, mid-terms and finals—

with a healthy assortment of other tests interspersed. But now, that part of your education is behind you. There is a new world ahead.

Whatever your goal, we know that you will be successful. By being a graduate, you have already marked your-

self as one who has completed a basic foundation of life—that of learning. We of Houston Lighting & Power Company wish you the best. May you always continue with the same spirit of achievement that you have now.

Houston Lighting & Power Company
An equal opportunity employer.

A University of Houston Grad You Should Know

Geo. M. Darsey, vice president of the Metropolitan Division of First City National Bank, is a 1956 graduate of the University of Houston and a good man to know as you climb up the ladder of success in your chosen field. In case you're still mulling over your career plans, why not consider banking, a solid profession with a dynamic future. Ask Geo. M. Darsey. He'll give you the facts.

Gas gives you more house for your money.

A Royal Blue Star all-gas home means big savings on repairs, maintenance and utility bills. So you can afford larger house payments when you buy. Gas gives you a better deal. And more house for your money.

If a company has a thing about haircuts, we'll tell you.

We'll tell you everything we know about a company. Its policies —from haircuts to hemlines.

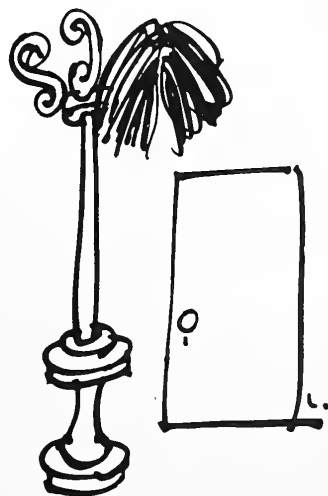

We tell all because we want you to feel right about the job.

And we want your employer to feel right about you.

As we say, Snelling and Snelling places people. We don't just fill jobs.

Maybe this helps explain how we successfully place at least 100% more people than any other professional service.

And how we got to be the largest. With more than 550 offices.

Snelling & Snelling

Five Houston Area Offices:

Downtown—1212 Main Street	228-1541
Southwest—6655 Hillcroft	771-3511
Southeast—7015 Gulf Freeway	649-2791
Pasadena—1201 South Ave.	477-3641
Baytown—512 E. Texas Ave.	422-3631
